Trials And Tribble Ations:

Trials and Tribble-ations Ira Steven Behr, Hans Beimler, Robert Hewitt Wolfe, Ronald D. Moore, René Echevarria, Jonathan West, Paramount Pictures Corporation, 1996 *Trials and Tribble-ations* Diane Carey, 2000-09-22 Almost a century ago Captain James T Kirk and the crew of the Starship Enterprise first encountered the irresistible and astonishingly prolific life form known as the Tribbles⁵ resulting in one of the most unusual adventures in the annals of Starfleet Now Captain Benjamin Sisko and the crew of the Defiant are transported back in time to that historic occasion where Darvin a devious Klingon spy plots revenge against Captain Kirk Using the seemingly harmless tibbles Darvin attempts to destroy Kirk but for the misplaced residents of Deep Space Nine saving the original Enterprise will be nothing but tribble An exciting new novel based on the most mind boggling STAR TREK DEEP SPACE NINE adventure of them all **S/trek Trials And Tribble-ations** Diane Carey, 2012-07-24 Almost a century ago Captain James T Kirk and the crew of the Starship Enterprise first encountered the irresistible and astonishingly prolific life form known as the Tribbles⁵ resulting in one of the most unusual adventures in the annals of Starfleet Now Captain Benjamin Sisko and the crew of the Defiant are transported back in time to that historic occasion where Darvin a devious Klingon spy plots revenge against Captain Kirk Using the seemingly harmless tibbles Darvin attempts to destroy Kirk but for the misplaced residents of Deep Space Nine saving the original Enterprise will be nothing but tribble An exciting new novel based on the most mind boggling STAR TREK DEEP SPACE NINE adventure of them all **Why TV is Not Our Fault** Eileen R. Meehan, 2005 For more than five decades we've been told by pundits commentators advertisers scholars and politicians that television is both a window on the world and a mirror reflecting our culture We've been led to believe that it shows us the world's events through news programs and through entertainment programs reflects the preferences values beliefs and understandings shared by most Americans We're told that if you don't like what you see on TV don't blame the industry blame yourself This book dispels the myth that the television industry is just giving viewers the programming they want to see and thus we as viewers are responsible for the existence of shows like Fear Factor and yet another Survivor In fact Eileen Meehan explains viewers exert no demand in the market for ratings advertising slots program production or telecasting She also counters the idea that TV programs reflect our culture directly Introducing us to the political economy of television Meehan covers programming corporate strategies advertising the misnomer of competition among networks and organizations that seek more industry accountability She tells us why TV isn't our fault and who's really to blame **To Boldly Go** Djoyimi Baker, 2018-03-06 Today's media cinema and TV screens are host to new manifestations of myth their modes of storytelling radically transformed from those of ancient Greece They present us with narratives of contemporary customs and belief systems our modern day myths This book argues that the tools of transmedia merchandising and promotional material shape viewers' experiences of the hit television series Star Trek to reinforce the mythology of the gargantuan franchise Media marketing utilises the show's method of recycling

the narratives of classical heritage yet it also looks forward to the future In this way it reminds consumers of the Star Trek story's ongoing centrality within popular culture whether in the form of the original 1960s series the later additions such as Voyager and Discovery or J J Abrams reboot films Chapters examine how oral and literary traditions have influenced the series structure and its commercial image how the cosmological role of humanity and the Earth are explored in title sequences across various Star Trek media platforms and the multi-faceted way in which Internet video game and event spin-offs create rituals to consolidate the space opera's fan base Fusing key theory from film TV media and folklore studies as well as anthropology and other specialisms *To Boldly Go* is an authoritative guide to the function of myth across the whole Star Trek enterprise
