*Venture Inward* Hugh Lynn Cayce, 1996 This classic volume about psychic development written by the late Hugh Lynn Cayce is once again available for those who desire a safe pathway into their spiritual inner life A must read for seekers whether new or experienced

**Venture Inward** Hugh Lynn Cayce, 1964 *Edgar Cayce: The "Sleeping" Medium & Spiritual Discernment* John Weldon, 2013-02-09 Edgar Cayce 1877 1945 was one of the most famous trance mediums in the world and the best known psychic in America's history Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as the sleeping prophet Through entering a self induced hypnotic trance he produced over 14300 health and spiritual Readings one of the largest psychic libraries in history allegedly from his unconscious mind and or the supposed akashic records Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine His influence has extended to millions of people This book takes a critical look at the life readings and health spiritual impact of Edgar Cayce It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground Ironically this is the very thing Cayce himself had worried about in reference to the Readings

*Edgar Cayce in Context* K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings Cayce's medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce's ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective

*A Seer Out of Season* Harmon H. Bro, Harmon Hartzell Bro, 1996-10-15 The gift of prophecy Millions worldwide have turned to the writings of Edgar Cayce for advice on holistic medicine and spiritual growth Hailed as the father of the New Age movement his works have been translated into dozens of languages and he has received outpourings of acclaim from individuals doctors and spiritual leaders around the globe A Seer out of Season Drawing from his experience as Cayce's longtime associate Dr Harmon Bro has written the first ever full length biography of the gifted spiritualist Long awaited by followers and skeptics alike this definitive intimate account tells the story of how an enigmatic Kentucky farm boy with no formal education became the soft
