Vision and Strategy for Church Growth Waldo J. Werning,1983 *What Makes Churches Grow?* Jackson Bob,2015-07-02
Explores a variety of growing churches to identify what is making the difference between them and churches which are static or declining In addition to numerical growth it asks how we measure spiritual growth and identifies the signs of spiritual vitality laying a practical and theological foundation for continued growth into the future *Thirty Days to Better Board Members and Meetings* Jerry W. Storz,2022-12-12 Author Jerry W Storz s experiences with board service and all things board governance goes back to his childhood watching his parents deal with the joys and struggles of service as church board members for a small church Eventually he made a career out of working with faith based organizations where he found that some board members knew their roles and responsibilities while others clearly did not understand As a response to his observations Storz presents *Thirty Days to Better Board Members and Meetings* intended for use as a devotional and discussion guide He has studied faith based board members behavior and now offers both nuggets of truth from scripture and board governance tips that he has gathered over these last few years What s more he aims to bring the two together allowing board members to learn and apply board principles and best practices so that they begin to see the true purpose of their board member service Uplifting and practical this devotional serves as a guide to board members of faith based organizations to help them improve their leadership and service *A Theology of Church Growth* George W. Peters,1981

ReClaimed Church Bill Henard,2018-06-01 It s no secret churches are dying Tragically thousands of churches in the United States are shrinking some closing their doors forever The key to reversing these trends argues Bill Henard is for a local church to recognize where it is in the church life cycle Unless churches intentionally do something about it many of them will follow the same pattern from birth to plateau and eventually to death But if a church learns to identify its place within the life cycle and embraces the necessary processes it can return to growth In a day when church membership has decreased evangelistic zeal has cooled and budgets are disappearing *ReClaimed Church* is the tool that struggling churches need Having previously written and taught seminary courses on church revitalization Bill Henard uses his expertise to provide all the practical insights and instructions needed to reclaim your church *A Bold New Vision* ,1988 *Bridges to People* Sean S.
