Rüdiger F Pohl

Welsh Illusion:

The Welsh Illusion Patrick Hannan, 1999 Wales has changed almost beyond recognition in the last twenty years yet many still cling to the romantic image of what it once was rather than cope with the reality of what it has become The persistence of myth in the face of incontrovertible evidence is one of the Welsh illusions analysed in this book Another is the conjuring trick through which a new Wales has been discovered and sometimes created by politicians broadcasters journalists and historians Patrick Hannan explores these changes and their origins in earlier decades and describes how in the process so many people have been abruptly separated from their past He does so in part through the stories of individuals famous and unknown How Sir Anthony Hopkins's grim schooldays prepared him for his most celebrated role the belated arrival of the twentieth century in Aberystwyth Chuck Berry and the death of deference the rampant tribalism of the South Wales Valleys Sir Winston Churchill's part in inventing Welsh politics the venom that lay behind Viscount Tony's apparently boundless Christian goodwill these are some of the leads followed up by Hannan in search of his country

Wales since 1939 Martin Johnes, 2013-01-18 The period since 1939 saw more rapid and significant change than any other time in Welsh history Wales developed a more assertive identity of its own and some of the apparatus of a nation state Yet its economy floundered between boom and bust its traditional communities were transformed and the Welsh language and other aspects of its distinctiveness were undermined by a globalizing world Wales was also deeply divided by class language ethnicity gender religion and region Its people grew wealthier healthier and more educated but they were not always happier This ground breaking book examines the story of Wales since 1939 giving voice to ordinary people and the variety of experiences within the nation This is a history of not just a nation but of its residents hopes and fears their struggles and pleasures and their views of where they lived and the wider world
