Johnson,2016-01-01 This volume reproduces 154 of Russian American novelist and entomologist Vladimir Nabokov s  
drawings few of which have ever been seen in public and presents essays by ten leading scientists and Nabokov scholars The  
contributors underscore the significance of Nabokov s drawings as scientific documents evaluate his visionary contributions  
to evolutionary biology and systematics and offer insights into his unique artistic perception and creativity Showcasing color  
drawings of butterflies distinctive markings and anatomy as well all as part of his work at the American Museum of Natural  
History and Harvard s Museum of Comparative Zoology    **Where the New World Is** Martyn Bone,2018-01-15 Where the  
New World Is assesses how fiction published since 1980 has resituated the U S South globally and how earlier twentieth  
century writing already had done so in ways traditional southern literary studies tended to ignore Martyn Bone argues that  
this body of fiction has over the course of some eighty years challenged received readings and understandings of the U S  
South as a fixed place largely untouched by immigration or even internal migration and economic globalization The writers  
discussed by Bone emphasize how migration and labor have reconfigured the region s relation to the nation and a range of  
transnational scales hemispheric Jamaica the Bahamas Haiti transatlantic Black Atlantic Denmark England Mauritania and  
transpacific global southern Australia China Vietnam Writers under consideration include Zora Neale Hurston Nella Larsen  
John Oliver Killens Russell Banks Erna Brodber Cynthia Shearer Ha Jin Monique Truong Lan Cao Toni Morrison Peter  
Matthiessen Dave Eggers and Laila Lalami The book also seeks to resituate southern studies by drawing on theories of scale  
that originated in human geography In this way Bone also offers a new paradigm in which the U S South is thoroughly  
engaged with a range of other scales from the local to the global making both literature about the region and southern  
studies itself truly transnational in scope    **Radio-music Merchant Formerly Talking Machine World** ,1930    Pages
