The Commune

John Leighton

The Commune:

Building the Commune Geo Maher, 2016-11-01 Since 2011 a wave of popular mobilizations has swept the globe from Occupy to the Arab Spring 15M in Spain and the uprisings in Greece Their demands were varied but what they share is a commitment to ideals of radical democracy and a willingness to experiment with new forms of organization to achieve this In fact the countries of Latin America have been experimenting with such projects since 1989 just as left projects of all stripes fell into decline across Europe in what was a moment of rebirth Poor residents of Venezuela's barrios took history into their own hands in a mass popular rebellion against neoliberalism much as the movements appearing worldwide are doing today Twenty five years since the experiments began Latin America is hardly recognizable with leftist governments consolidating a new hegemony and radical movements surging forth from below In *Building the Commune* George Ciccariello Maher travels through the many radical experiments of Venezuela assessing how they have succeeded and failed and how they are continuing to operate Speaking to community members workers students and government officials Ciccariello Maher provides a balance sheet of these projects that movements throughout the world can look to for lessons and inspiration

Communes and the Venezuelan State Anderson Bean, 2022-03-01 Since 2006 Venezuela has witnessed an explosion of different forms of popular power and participatory democracy Over 47 000 grassroots neighborhood based communal councils and 3 000 communes have been constructed In *Communes and the Venezuelan State The Struggle for Participatory Democracy in a Time of Crisis* Anderson Bean offers a critical analysis of these experiments in popular and workers power and their potential for societal transformation within and beyond Venezuela Drawing on extensive ethnographic research Bean demonstrates how workers and peasants through networks of popular power exercise agency over their own development while facing challenges from the capitalist state Most importantly this book connects with the far reaching implications that the communal movement in Venezuela has for building a society responsive more to the needs of ordinary people than to the desires of the elites *A Bibliography of Chinese Language Materials on the People's Communes* Wei-yi Ma, 2020-08-06 A research tool for scholars studying modern China particularly those focusing on the post 1949 communal system and economy The work includes full bibliographic references to some 2 800 essay articles pamphlets and other materials in Chinese taken from more than 130 publications primarily from mainland The entries are arranged topically with annotations Includes a geographic index to the communes referred to in the listed items **The Impact of the Commune Movement on Agricultural Production During the Great Leap Forward (1958-60) and Its Aftermath** Wei-kao Jenny Liu, 1972 *The Great Events by Famous Historians* Charles Francis Horne, Rossiter Johnson, 1905
