The Black Messiah:

The Black Messiah Albert B. Cleage, 1968 Black Power Christianity is for now and it is for real As The Black Messiah makes plain it believes in prayer and religious ritual but it also believes in political action and economic pressure in black control of black communities The Black Messiah in short represents not a rhetorical device but a theological statement He is founder of the Black Nation and He gives strength and revolutionary ardor to his followers **Yahushua - The Black Messiah** Rabbi Simon Altaf, 2011-01-11 What ethnicity was Yahushua Jesus of Nazareth and what race of people did He belong to Is it important that we know His ethnicity What colour was Moses King David and King Solomon We examine and look at the massive fraud perpetrated upon the western nations by the papal clergy to hide the real identity of the true Hebrew Israelite people and race which are being restored in these Last Days Yahushua said everything will be restored and that includes both His and His people s ethnicity Would you like to know It does affect your eternity because you are missing His true message if you would like to know then get this book now **Black Theology USA and South Africa** Dwight N. Hopkins, 2005-12-01 Black theology continually poses a challenge to Christian witness and faith Through a critical analysis of leading religious thinkers Dwight N Hopkins explores the fundamental differences and similarities between black theology in the United States and black theology in South Africa and asks What is the common denominator between the two Part I examines the historical political cultural and theological background of contemporary black theology in both countries Hopkins delves into the distinctive situation of each country focusing on civil rights black power and related political cultural and theological themes in the United States and on civil disobedience black consciousness the unity of politics and culture and political cultural theological themes in South Africa Through interviews with leading black religious scholars Part II explores these theologies in depth Contrasting the cultural theological trend with the political theological trend in the USA Hopkins explores the ideas of theologians Albert B Cleage James H Cone J Deotis Roberts William R Jones Gayraud S Wilmore Charles H Long Cecil W Cone and Vincent Harding In Part III Hopkins examines the same two trends cultural theological and political theological in South Africa Here the focus is on the impact of black consciousness and Soweto and the works of Manas Buthelezi Allan Boesak Simon S Maimela Frank Chikane Bonganjalo C Goba Itumeleng J Mosala Takatso A Mofokeng and Desmond M Tutu Part IV brings black theology USA and black theology South Africa into dialogue Hopkins locates the common denominator between the tow theologies that they both claim the Christian gospel as the gospel of liberation for black people struggling against racism and for a holistic humanity physically and spiritually politically and culturally He concludes by looking toward future areas of development and collaboration arguing that an effective black theology of liberation must integrate politics and culture insuring that the two are equal and complementary two tributaries within the same current *Albert Cleage Jr. and the Black Madonna and Child* Jawanza Eric Clark, 2016-09-14 In this collection black religious scholars and pastors whose expertise range from theology ethics and the psychology of religion to

preaching religious aesthetics and religious education discuss the legacy of Albert B Cleage Jr and the idea of the Black Madonna and child Easter Sunday 2017 will mark the fifty year anniversary of Albert B Cleage Jr s unveiling of a mural of the Black Madonna and child in his church in Detroit Michigan This unveiling symbolized a radical theological departure and disruption The mural helped symbolically launch Black Christian Nationalism and influenced the Black Power movement in the United States But fifty years later what has been the lasting impact of this act of theological innovation What is the legacy of Cleage s emphasis on the literal blackness of Jesus How has the idea of a Black Madonna and child informed notions of black womanhood motherhood LGBTQ communities How has Cleage s theology influenced Christian education Africana pastoral theology and the Black Arts Movement The contributors to this work discuss answers to these and many more questions

Black Christology and the Quest for Authenticity John H. McClendon III, 2019-05-03 Black Christology and the Quest for Authenticity A Philosophical Appraisal constitutes a philosophical inquiry on Black Theology and its attendant Black Christology Explicitly the philosophical examination of Black Theology conceptually maps its quest for establishing Black Christology as an authentic form within Christian theology This text critically expounds on the methodologies and arguments which guide how Black Theology specifically affirms Black Christology as the definitive paradigm for authentic Christianity Significantly the racialized character of Black Theology immediately sets this discourse within the context of philosophy of race Clearly the philosophy of race in terms of its substance and scope is continually expanding Notably the philosophy of religion in its conceptual association with the African American experience considerably enriches the content of the philosophy of race Therefore Black Christology and the Quest for Authenticity A Philosophical Appraisal stands as a unique contribution to philosophy of race Summarily while this book tackles the formidable problem of Christian theological subject matter nonetheless the reader must be aware that this is not a work executed methodologically in any theological manner inclusive of Christian theology Subsequently while the object of our investigation substantively remains theological in character the method of investigation is guided by philosophical inquiry which is based on secular principles Furthermore although most mainstream works in philosophy of religion along with theology neglect to examine African American theologians and philosophers the subject matter of Black Christology substantially facilitates in filling this intellectual void
