

The Blue Flower

Henry van Dyke

The Blue Flower:

The Blue Flower Penelope Fitzgerald, 1998 A fictionalized biography of the 18th Century German poet Friedrich Leopold von Hardenberg who wrote under the nom de plume Novalis The novel centers on his philosophy My conviction gains infinitely the moment another soul will believe in it and on his romance with Sophie von Kuhn 12 who became his muse but who died of tuberculosis before they could marry

The Blue Flower Henry Van Dyke, 2020-04-13 The parents were abed and sleeping The clock on the wall ticked loudly and lazily as if it had time to spare Outside the rattling windows there was a restless whispering wind The room grew light and dark and wondrous light again as the moon played hide and seek through the clouds The boy wide awake and quiet in his bed was thinking of the Stranger and his stories It was not what he told me about the treasures he said to himself that was not the thing which filled me with so strange a longing I am not greedy for riches But the Blue Flower is what I long for I can think of nothing else Never have I felt so before It seems as if I had been dreaming until now or as if I had just slept over into a new world Who cared for flowers in the old world where I used to live I never heard of anyone whose whole heart was set upon finding a flower But now I cannot even tell all that I feel sometimes as happy as if I were enchanted But when the flower fades from me when I cannot see it in my mind then it is like being very thirsty and all alone That is what the other people could not understand

the same life in them The stories in this book have been growing together for a long time It is at least ten years since the first of them the story of The Other Wise Man came to me and all the others I knew quite well by heart a good while before I could find the time in a hard worked life to write them down and try to make them clear and true to others It has been a slow task because the right word has not always been easy to find and I wanted to keep free from conventionality in the thought and close to nature in the picture It is enough to cause a man no little shame to see how small is the fruit of so long labour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Andrew Yost,2022-08-24 The world is disenchanted Rationalization intellectualization and scientism rule the day We used to see the world as a magical place but now it s just a material space How did we get here The shift comes in part from the rise of a certain kind of secularism one that reduces human experiences to whatever is explainable through observation Love It s just a biological drive Joy a rush of adrenaline Beauty an influx of dopamine If you can t test it it isn t true or so the thinking goes The Romantic Life draws upon eighteenth and nineteenth century Romanticism to provide five strategies to re enchant

the world five ways to imbue the world with meaning truth and beauty According to the Romantics far from being useless encounters with impractical things like the imagination nature symbolism sincerity and the sublime give our lives a richness and depth that cannot be attained on a purely material account of the world By learning from their example we can come to see into the life of things as William Wordsworth called it We can be re enchanted **The Blue Flower** Henry Van Dyke,2024-09-13 Embark on a poetic and reflective journey with Henry Van Dyke s **The Blue Flower** a collection of short stories and essays that explores the beauty of life s fleeting moments and the pursuit of deeper meaning This timeless work invites readers to pause reflect and appreciate the subtle wonders of the world around them As Van Dyke s prose unfolds you ll be transported into a world where each story serves as a meditation on life love and the human spirit The collection beautifully captures the essence of the search for the blue flower a symbol of idealistic aspiration and the quest for spiritual fulfillment But here s a thought to ponder How do the seemingly ordinary moments in life reveal the extraordinary Can the pursuit of an elusive ideal lead to a deeper understanding of oneself Explore the serene and introspective world of **The Blue Flower** where each tale encourages a thoughtful examination of life s joys and challenges This is more than just a collection of stories it s an invitation to find the beauty in the everyday and the profound in the simple Are you ready to discover the quiet wisdom of **The Blue Flower** Engage with this thoughtful collection and uncover the timeless truths that resonate within each story Don t miss the chance to experience this classic work Purchase **The Blue Flower** today and begin a journey of reflection and inspiration

The Orient of Europe Nicholas Germana,2009-05-27 August Wilhelm Schlegel proclaimed that if the regeneration of the human species started in the East Germany must be considered the Orient of Europe How can this remarkable identification of Germany with the subjugated oriental other be explained In **The Orient of Europe** Nicholas A Germana explores how German thinkers especially those associated with the Early Romantic movement set India up as an ideal mirror in which they could perceive the image of the Germany they longed for a nation whose greatness lay not in political and military power but in the realm of culture and the spirit Such an image was especially important during the years of French occupation and the Wars of Liberation against Napoleon The mythical image of India however underwent profound changes in the decades after 1815 The end of the Wars of Liberation and the onset of the Restoration era led to the decline of the romantic image of India As statist visions of German unity rose in prominence especially in Prussia this image of the connection between Germany and ancient India took on a new complexion Politically volatile romantic Indomania gave way to a new more acceptable ideology the ideology of Wissenschaft In this book which engages with the most recent scholarship in the rapidly emerging field of German Orientalism Germana challenges traditional Saidian Orientalist readings of German intellectual engagement with Indian thought and literature German romantic and humanist fascination with India he argues is best understood within the context of debates about the nature of Germany and Germanness in the late eighteenth and early nineteenth centuries rather than in connection with nascent German colonial fantasies **The Land of**
