## **The Chronicles Of A Fool:**

**The Chronicles of a Fool** A. Fool,2005-09 After a very unique Salvation this man was driven to the brinks of death because he was too repulsive to be received and loved Now an outcast to The Church he strives daily to take the love of God and the Gospel to those that are like him In these last days he asks What will happen to all those that believed but had not the strength to endure to the end It is here and now that The Last Great Harvest is declared gleaning and recovering the ugly outcast forsaken the whosoever that Jesus died for to The Church **The Chronicles of Count Antonio** Anthony

Hope,1895 A Fool's Babel T. A. Richards II,2015-07-16 Have you ever heard the expression If I told you I would have to kill you Most of the time it is said as a joke and used to spread merriment and good cheer No one takes it seriously and usually people just laugh it off In my case however there would be no laughing but there certainly would be killing But it wouldn't be me that did the killing it would be the government We all know that the government has secrets and we all know that they would do whatever was necessary to keep those secrets They would kill you in your sleep or while you were driving your car and make it look like an accident They would even invade a sovereign nation and execute an evil dictator History and even current events can testify to the lengths our government would go to keep and protect their secrets What if some of the secrets involved an ancient virus that our government wanted to use as a bioweapon You know as well as I do that nothing would stop them from keeping that information out of the news stream What if I told you that the government took it even further and tried to enhance the virus It's completely believable isn't it But what would happen if the virus mutated and completely changed the host into a ferocious killing machine This sounds like something our government could use against its war of terror doesn't it Without giving you a lot of details I can tell you that this type research is not new to our government For decades they've been conducting research in hidden facilities all over the world I've been on more than one mission to clean up the mess made when the research gets out of hand This story however is beyond the scope of anything I had ever encountered before The destruction I saw was almost unbelievable and the creatures I fought seemed more supernatural than natural The Chronicles of Barsetshire & The Palliser Novels (Unabridged) Anthony
