

# TRIAL OF FIRE

## INTRODUCTION

The last of the trials, the trial of fire, is the most challenging of them all. It is a maze consumed in darkness which requires careful navigation and precise timing to complete! Being away from a light source starts the 3-second countdown before you get sent back to the last safe point. We recommend bringing a friend with you and always have your candles lit!

## GO THROUGH THE ENTIRE TRIAL

Please note that the following will contain spoilers. We recommend you giving the trial a shot before looking through the following guide. It is more fun that way!

Simply follow the white arrow loops from 11:00 to 12:00 to complete the trial.

## CANDLES AND STATUES

Like all trials, lighting of statues bearing the fire symbol will provide safe points to which you will be teleported should you lose all your light. Light each candle to recharge your energy as well as to guide you towards to correct direction. Do note that there are some tiny candles meant to mislead you!

Candles and Statues of the Trial

## BALLS OF FIRE

Starting from the second level of the trial, there will be pairs of fire balls flying around. Touching them or their trail of smoke will result in you immediately losing your light and sending you back to your last safe point. They follow a certain route, so knowing them will be extremely helpful!

Avoid these balls of fire!
