THE DANGEROUS ILLUSION
OF A MANAGEABLE DEITY

Trivialization Of God

William L. Thrasher

Trivialization Of God:

The Trivialization of God Donald W. McCullough, 1995 Trivializing God has always been the temptation for the people of God We trivialize God into a god who will be manifest and useful in this confusing world a god who will fit the contours of our individualistic desires McCullough asserts that we will truly know God only when He in His own time and way reveals Himself to us *The Trivialization of God* Donald W. McCullough, 2002 [Can a Bishop Be Wrong?](#) Peter C. Moore, 1998-03 An eminent group of Episcopal scholars and bishops addresses the core issues raised in Bishop Spong's books and teachings on the Virgin birth resurrection sexuality scripture sin Jesus culture and God These essays are incisive responses to an articulate and charismatic public figure whose provocative writings have stirred traditional and non traditional thinkers alike While acknowledging that Spong's writing strikes a chord with lay people in the churches and the general public the book's authors believe a balanced response is needed They accomplish this by commending the bishop for having the courage of his convictions while challenging his teachings on the cornerstone beliefs of Christian tradition [Human Anguish and God's Power](#) David H. Kelsey, 2020-12-17 The intrinsically glorious God is sovereign in three different ways each of which has a different sense of power **Mining for Meaning** James Bailiff, 2013-05 Illuminating the true principals and guidelines bestowed upon us by the Creator Mining for Meaning Harvesting Rich Veins of Meaning from Our Relationship with God One Another and Nature explores the intrinsic value of human beings to one another and the world they inhabit James Bailiff examines the potential to be fully engaged in our relationship with God and nature By acknowledging the sometimes antiquated notions of religiosity Bailiff proposes a new sense of meaning one that is our birthright regardless of what faith we choose Transcending our ego based consciousness to attain personal happiness is a truly fulfilling experience one attained in union with God Bailiff offers profound insights that allow us to embrace the joyous emotions that gratitude harmony abundance and love provide for us More timely than ever before Mining for Meaning questions our departure from experiencing nature in its fundamental form and its relevance as a reflection of the Creator as well as the negative byproducts that come as a result of detachment from that natural world Inspiring enlightening and uplifting this is a must read spiritual manifesto for a better way of life and a better world around us *Rehearsing God's Just Kingdom* Stephen S. Wilbricht, 2013 In the course of a teaching and writing career cut too short Mark Searle 1941 1992 provided a worthy contribution to the study of liturgy The breadth of his liturgical interests and his desire to integrate a wide range of academic areas with the study of liturgy mark this scholar as a gifted thinker and author arguably a pioneer In *Rehearsing God's Just Kingdom* Stephen S Wilbricht explores Searle's basic conviction that liturgy represents rehearses and forms in its participants the essential commitments of the Christian community Searle called for the church's liturgy to be embraced as a rehearsal that is performed over and over again and again until it is practiced perfectly in the kingdom of heaven In an age when so much depends on instant gratification and in which institutional commitment is often held in contempt Searle's

thinking provides an avenue for liturgical renewal that hinges upon a respect for and trust in ritual forms and behavior

Herald of Holiness, 1996 Grace and Truth in the Secular Age Timothy Bradshaw, 1998 Leading evangelical Anglicans have offered these essays in advance of the forthcoming Lambeth Conference as a way of representing classical Anglican positions on subjects many of them controversial that will be debated at Lambeth **Things I've Learned on the Way to Heaven** William L. Thrasher, 2001 Today people are so consumed with self that they approach God with an eye toward what He can do for them rather than what He wants to do for them Thrasher uses his personal testimony of how he lived as an unconverted believer and now a true believer to help others get off the broad road that leads to destruction and onto the narrow road to eternal life with God **The Decalogue and a Human Future** Paul L. Lehmann, 2002-03-15 An important book for theology ethics and the church James H Cone This book displays all the depth penetrating insight and clarity of thinking that have become the hallmarks of Lehmann's writing It mercilessly and wonderfully exposes the superficiality and frivolousness of many of the arguments surrounding the Decalogue Theologically instructive intellectually satisfying and spiritually uplifting Allan Boesak Paul Lehmann was one of the greatest of America's Christian ethicists and one of its most influential teachers His work has had a profound impact on many persons especially pastors and lay folk This final work brings him back to some of his major themes the relation of the gospel and law the commitment to a truly human life in this world that is shaped by God's just and loving activity in Jesus Christ and the need for the gift of discernment to see what it is that makes and keeps human life human One does not expect to hear much that is fresh on such worked over moral issues as abortion and homosexuality but in these pages Lehmann makes us think afresh and challenges us even on those familiar topics It is sad to think that we shall hear no more from this deeply Christian and moral thinker Patrick D Miller Princeton Theological Seminary This is vintage Lehmann His koinonia ethic continues to make enormous sense not least in South Africa and other transitional situations where people are seeking moral discernment amid complexity and ambiguity in the quest for social justice This book's development of Lehmann's ethic around the Ten Commandments makes it more than a textbook for students It is a book for pastors the laity and the general public It is also a wonderful culmination to the work of a great theologian Charles Villa Vicencio University of Cape Town South Africa Affirmation & Critique, 2000

Passion, Power, and Praise James A. Harnish, 2000 Harnish is convinced that men will not find the meaning of their manhood in society today In *Passion Power Praise* he writes they will find it by discovering the creative purpose and redemptive action of God that is revealed in the story of God's covenant relationship with humanity in Scripture and made flesh in Jesus Christ *Eschatology and Hope* Anthony Kelly, 2006 This text offers an introduction to the central theme of Christian eschatology the doctrine and study of what Christians hope for as they follow the Way taught by the prophets and saints and above all opened up in the paschal mystery of Jesus of Nazareth Hoping for life after death a sage once said is not a particularly religious action Here Anthony Kelly examines the concept of hope in general and how eschatology enlarges the

scope of what humans anticipate in ways that transcend mere continuation of life after life Kelly helps the reader see that Christian hope involves much more than hope for personal immortality

Faith and Action R. J. Rushdoony, 2019-08-26
Faith and Action is the complete collection of the essays of R J Rushdoony written for the Chalcedon Report between 1965 and 2001 along with several transcripts of his recorded talks The large volume The Roots of Reconstruction only contained his Chalcedon Report essays up until 1985 so most of the essays included in Faith Action were unavailable to readers for many years until now In order to make the author's knowledge more accessible this three volume collection features some of the most extensive indexing we've ever done including a General Index a History Index a Scripture Index a Works Cited Index and a Chalcedon Report Directory A total of 183 pages of indexing This handsome set of books is a must have for any serious library The central theme of this collection of essays is Christian Reconstruction which to Rushdoony meant the responsibility of Christian citizenship in the Kingdom of God For him his central drive behind his research and writing was to move men to faith and action Rushdoony was primarily an essayist who vigorously and prolifically wrote on a multiplicity of subjects issues and disciplines Despite his being critical of both the contemporary church for its compromise and the humanistic state for its will to be as God these essays are replete with Rushdoony's undying faith in the victory of God in history Rushdoony's big idea was Christian Reconstruction which centered not on a pursuit of political power but rather an equipping of Christians to take back government by means of self government in terms of God's law This three volume collection will no doubt serve the larger church for many generations as they seek first the Kingdom of God in their spheres and in their times

Tellers of the Word John J. Navone, Thomas Cooper, 1981

Jesus in Our Western Culture Edward Schillebeeckx, 1987 This the shortest of Edward Schillebeeckx's books so far represents a distillation of his previous thought and contains important anticipations of the long awaited third volume of his great trilogy which is nearing completion The fact that it was delivered in spring 1986 as the Abraham Kuyper lectures in Amsterdam accounts not only for its brevity but also for its clarity Here those who have so far been put off exploring the work of one of the greatest living theologians will find an admirable introduction and those who have struggled with his larger volumes will find an account which goes straight to the heart of the matter Beginning from our modern world for one of his new slogans is Outside the world there is no salvation Professor Schillebeeckx looks at the place of God in contemporary culture he then moves back to look at the life of Jesus and the way in which it has been responded to by the church A final chapter the longest looks first at ethics then at the tension between mysticism and politics commitment to both of which is vital for Christians today and shows how these three dimensions together must provide the framework for their life Edward Schillebeeckx is a Dominican and Professor Emeritus of Theology and the History of Theology in the University of Nijmegen

aged man without a job a marriage or a clue about his future In this heartfelt deeply moving memoir McCullough recounts his journey to healing and renewed faith **Locusts and Wild Honey** Rex Davis, 1978
