Vedic Deities:

Vedic Deities M. P. Pandit, 1989 This text brings out the spiritual character of the Veda applying Sri Aurobindo's method of esoteric interpretation and following the lead of Sri T V Kapaly Sastry The question arises of whether the gods of the Veda are simply nature elements deified by a primitive society or are they essential divine powers and personalities of a Supreme Godhead in manifestation

The Reign of the Vedic Gods Swami Achuthananda, 2018-06-06 Home to one of the ancient civilizations of the world India is also the birthplace of a dizzying array of gods worshipped by millions of Hindus living in India and across the globe Over the centuries many of these gods rose to power and became the object of utmost devotion only to fall from grace and lose their standing These deities shared a peculiar trait they were never perfect In this multivolume series entitled *The Galaxy of Hindu Gods* Sach takes you on an extended journey to meet with the gods and share their tales with you Among the multitude of deities the most ancient are the Vedic gods which include luminaries like Indra Surya Varuna Agni and others Today a minor deity the Vedic Indra was once the ruler of the three worlds who under the influence of a mysterious power drink fought with the demons and vanquished them His reign did not last long His comrades Surya and Varuna also had their glory days but were overthrown by other gods of the pantheon Yet after thousands of years gods like Indra Surya and Varuna are still household names and honored in Hindu rituals and traditions If you know little or nothing about Hindu mythology this is your ideal starting point where you will meet the overwhelming array of Hindu gods and learn about their wonderful stories

Chawla,1990 Illustrations Numerous B w Illustrations Description India s cultural traditions have their origin in diverse sources embedded in the life style of various pre and proto historic communities occupying different parts of the sub continent in the various periods of their existence Despite high antiquity of several archaeological finds one has to admit that the earliest recorded references of India s cultural philosophy and ideological concepts are found only in the textual data of Rgveda which show an already developed stage of thought The importance of Vedic philosophy and religious concepts especially those defining the form of divinities lies in the fact that they preserve in them the seeds of later Hinduism to a considerable extent The Rgveda contains references to various types of divinities which have been classified into three broad groups viz i Terrestrial deities like Prithvi Soma Agni ii Atmospheric gods like Indra Vayu Maruts Parjanya and iii Heavenly divinities like Varuna Dyaus Asvins Surya Savitr Mitra Pusana and Visnu Of these last five were regarded as different phases of sun s movements Varuna who has been extolled in many hymns is also associated with the concept of Rta i e the cosmic and moral order The Rgveda mentions some goddess too like Prthivi Usas or the dawn ratri Ila Bharati or Sarasvati A few gods like Dyava Prthivi i e the sky and the earth are vitally significant for later iconographic development To propitiate these gods the Rgvedic people made offerings of milk ghee grains etc through sacrificial oblations and chanted hymns in their praise which undoubtedly suggest presence of the elements of Bhakti deep devotional urge in the Vedic religion The present work is conditioned by a kind of unconventional approach to the study of Vedic elements of iconic forms and concepts especially those mentioned in Rgveda She feels that all gods of Hinduism are basically the gods of the Rgveda which changed their forms from time to time to meet the demand of the people In her view these developments are well attested to by the literature of historical times e g the Smrtis and the Puranas According to Chawla the early idea of image making can be traced back in the hymns of the Rgveda particularly in the poetic imagery of early Vedic seers She agrees that most of the Vedic deities no doubt originally represented the forces of nature but in the course of time during the Rgvedic age itself she feels that iconic concepts in regard to at least some divinities had already come into vogue The author had also located and

analysed certain Vedic terms preserving in them clues pertaining to bodily features of some deities The representation of form as reflected in the expressions like rupani pimsatu and rupam sukrtam is an indication of some kind of artistic activity in Rgvedic times Perhaps emergence of the concept of Tvastr the divine craftsman artist was a result of constantly growing creative urge of Rgvedic societies Dr Chawla views the whole growth of Hindu iconography as a continuous process of development from the period of the Rgveda onwards under the cover of religious philosophies Yet she does not deny the role of Indus civilization and external mythological import Jyotsna Chawla further invites our attention to the Iconographic parallelism between the concept of Dyava Prthivi the eternal parents and the one reflected in the unified form available in the Puranic iconography of Ardhanarisvara She traces the growth of the iconic forms of Rgvedic deities like Siva Surya Soma Yama Asvins etc in the later periods when the Puranas were compiled She has beautifully analysed the Vedic symbolism and the attributes held by various gods in the form of vajra pasa danda sruk and sruva in a logical manner *Vedic Mythology* Arthur Anthony Macdonell, 2000 This book occupies a very important position in the study of the history of religions It traces the earliest stage in the evolution of beliefs which constitute the source of religious concepts of the majority of the modern Indians The book is divided into seven chapters and is well documented with Sanskrit and general index This book is definitely a valuable contribution to the Vedic mythology Contents Introduction Vedic Conceptions of the World and Its Origin The Vedic Gods Mythical Priests and Heroes Animals and Inanimate Objects Demons and Fiends Eschatology Arthur Anthony Macdonell M A Ph D 1854 1930 of Corpus Christi College Oxford was Boden Professor of Sanskrit and Fellow of Balliol **Indian History , Contributions to the Science of Mythology** Friedrich Max Müller, 1897 *Introducing Hinduism* Hillary P.
