The Spirit and the Bride Say, Come. Susan Gutknecht,2015-03-02 Blessed are those who are invited to the wedding supper of the Lamb Revelation 19 9 What is the end of the age What is the wedding supper Are you prepared Like us the apostles asked those very questions In the Bible the wedding supper refers to what will happen at the end of the age Jesus answered by telling the apostles the parable of the ten virgins a reference to those on earth who know about the end of days He advised the apostles that only half of those who know the end is coming will be prepared only half of those who know about the end of days will have enough oil to keep their lamps burning through the long night of waiting The other half will be at the market looking for oil and will miss the coming of Jesus That would mean half of the people who know that Jesus is coming back are not prepared for his return We need to gather oil for our lamps throughout our lives through prayer through reading the Bible The Holy Spirit was sent to prepare us for the wedding supper Does God still perform miracles or speak to His people At the age of four I clearly heard the voice of the Holy Spirit say to me You can have joy in your life if you walk with me This is a personal testimony of how the Lord heals the ones He loves walks with us and surrounds us with His peace

Neurosis Wolfgang Giegerich,2020-01-06 Psychoanalysis began over a century ago as a treatment for neurosis Rooted in the positivistic mindset of the medicine from which it stemmed it trained its empiricist gaze directly upon the symptoms of the malaise only to be seduced into attributing it to causes as numerous as there are aspects of human experience Edifying as this was for our understanding of the life of the psyche it left the sickness of the soul that was its actual subject matter the neurosis which it was supposed to be about out of its purview The crux of this problem was of a conceptual nature As psychology increasingly gave up on its constituting concept its concept of soul it succumbed to the same extent to treating its patients without an adequate concept of what both it and neurosis were about Attention was paid to mishaps and traumas the vicissitudes of development and the Oedipus complex But neurosis according to the thesis of this ground breaking book comes from the soul even is soul the soul in its untruth Indeed both it and the modern field of psychology are successors of the soul forms that preceded them religion and metaphysics with the difference that psychology s reluctance to recognize and take responsibility for its status as such has been matched by the neurotic soul s clinging to obsolete metaphysical categories even as the often quite ordinary life disappointments of its patients are inflated with absolute importance The folie deux has been on a massive scale Owing their provenance to the supplement they each provide the other psychology and neurosis are entwined in a Gordian knot the cutting of which requires insight into the logic that pervades both Taking up this

sword Giegerich exposes and critiques the metaphysics that neurosis indulges in even as he returns psychology to the soul not of course to the soul as some no longer credible metaphysical hypostasis but as the logically negative life of the mind and power of thought Using several fairy tales as models for the logic of neurosis he brilliantly analyses its enchanting background processes exposing thereby in a most lively and thoroughgoing manner the spiteful cunning by which the neurotic soul against its already existing better judgement betrays its own truth Topics include the historicity of neurosis its soulful purpose as a general cultural phenomenon its internal logic functioning and enabling conditions as well as the Sacred Festival drama character of symptomatic suffering the theology of neurosis and the neurotic as the figure of modernity s exemplary man A collection of vignettes descriptive of various kinds of neurotic presentation routinely met with in the consulting room is also included in an appendix under the heading Neurotic Traps
