[Visions of God and Ideas on Deification in Patristic Thought](#) Mark Edwards,Elena Ene D-Vasilescu,2016-10-26 This volume illustrates the complexity and variety of early Christian thought on the subject of the image of God as a theological concept and the difficulties that arise even in the interpretation of particular authors who gave a cardinal place to the image of God in their expositions of Christian doctrine The first part illustrates both the presence and

Goll,2004 The prophetic movements in church history and in contemporary life are fed by two mighty streams the prophet whose revelation is primarily verbal and the seer whose revelation is more visionary in nature While the role of the prophet is familiar less is known about the seer dimension To many people these visionary prophets remain mysterious otherworldly and even strange **Homiletic Review** ,1904 The Anglican pulpit library, sermons Anglican pulpit library,1896
