Werewolf Murders:

The Werewolf Murders William L. DeAndrea, 2012-12-18 Master detective Niccolo Benedetti hunts down a killer in the French Alps Niccolo Benedetti is many things a professor philosopher painter charmer and a sterling world class detective too For Benedetti a murder is not just a crime but also a means of dissecting the nature of evil It s a problem demanding as much art as it does science In this second installment in the Benedetti series the detective travels to a ski resort in the French Alps where a conference of international scientists is rocked by a series of killings To make matters worse the prefect of police is also targeted endangering the whole future of the conference and the scientists claim that the perpetrator is nothing less than an honest to God full moon intoxicated werewolf Together with sidekicks Ron Gentry and Janet Higgins Benedetti will have to dive headfirst into this supposedly supernatural case *Werewolf Killer* C L Swinney, Rj Parker Publishing, 2017-12-05 Mikhail Popkov seemed to live the perfect life Beautiful family rewarding career admiration and respect of the entire police force he worked with Yet underneath he had a deadly secret no one would ever believe he moonlighted as a serial killer His family and co workers doubted his guilt in the beginning but when he confessed to the crimes and led the police to his many dumping sites they were horrified In an effort to avoid Black Dolphin Russia s most feared prison Popkov continued to list names and locations of more and more victims When his kill count climbed above 81 souls everyone wondered what could have caused this seemingly ordinary man to snap carry out a never before seen reign of terror on the people of Russia and turn into the worse serial killer in Russian history *Werewolf Murders* Drew Carson, 2012 Felix O Neill and his friend Dr Garzon investigate the secret sciences of the shapeshifter the berserker and the werewolf Here the master detective tries to solve a mystery in a remote swampland where a cunning murderer has terrorized the simple folk of the old waterways jungles and fens **Legends, Monsters, or Serial Murderers?** Dirk C. Gibson, 2012-02-14 Covering figures ranging from Catherine Monvoisin to Vlad the Impaler and describing murders committed in ancient aristocracies to those attributed to vampires witches and werewolves this book documents the historic reality of serial murder The majority of serial murder studies support the consensus that serial murder is essentially an American crime a flawed assumption as the United States has existed for less than 250 years What is far more likely is that the perverse urge to repeatedly and intentionally kill has existed throughout human history and that a substantial percentage of serial murders throughout ancient times the middle ages and the pre modern era were attributed to imaginative surrogate explanations dragons demons vampires werewolves and witches *Legends Monsters or Serial Murderers The Real Story Behind an Ancient Crime* dispels the interrelated misconceptions that serial murder is an American crime and a relatively recent phenomenon making the novel argument that serial murder is a historic reality an unrecognized fact in ancient times Noted serial murderers such as the Roman Locuta The Poisoner Gilles De Rais of France a prolific serial killer of children Andres Bichel of Bavaria and Chinese aristocratic serial killer T zu Hsi are spotlighted This book provides a unique

perspective that integrates supernatural interpretations of serial killing with the history of true crime reanimating mythic entities of horror stories and presenting them as real criminals [The Encyclopedia of Vampires, Werewolves, and Other Monsters](#) Rosemary Guiley,2004 Monsters and shape shifters have always held a special fascination in mythologies legends and folklore the world over From ancient customs to famous cases of beasts and vampires and their reflections in popular culture 600 entries provide definitions explanations and lists of suggested further reading **The Cloud** Lee W.

Dennis Boyle,2024-03-01 In a quaint resort town in the mountains of Northern Pennsylvania a series of brutal murders shocks the community Five women are savagely killed their bodies gruesomely dismembered and left in pieces The heinous nature of the crimes leaves investigators pondering whether they are dealing with a serial killer or something even more sinister As pressure mounts to solve the murders quickly an anonymous tip leads police to Russell Strait a drifter drawn to the local ski resort The police conduct a hasty search of his residence and discover evidence that seems to ensure an easy conviction But defense attorney Edwin Reynolds assigned by the county judge harbors doubts Familiar with challenging cases Ed wrestles with personal demons while sifting through the murder details He begins to question whether the police have apprehended the correct individual Could the real killer still be at large poised to strike again A tense chess match unfolds between Ed and the murderer Each strategic move is countered by another leading to a climactic betrayal that threatens to overturn everything With lives in the balance the truth becomes a hard pill to swallow perhaps too outlandish for the court or anyone else to believe *The Essential Guide to Werewolf Literature* Brian J.
