The Ruling Class

John P. LeDonne

The Ruling Class:

The Ruling Class Gaetano Mosca, 1960 [Absolutism and Ruling Class](#) John P. LeDonne, 1991-09-26 This is the first comprehensive examination of the Russian ruling elite and its political institutions during an important period of state building from the emergence of Russia on the stage of world politics around 1700 to the consolidation of its position after the victory over Napoleon. Instead of focusing on the great rulers of the period Peter Catherine and Alexander the work examines the nobility which alone could make their power effective. LeDonne not only gives a full chronological account of the development of bureaucratic military economic and political institutions in Russia during this period but also skillfully analyzes the ways in which local agencies and the ruling class exercised control and shared power with the absolute monarchs.

The Ruling Class Eric Felten, 1993-03-01 The Ruling Class shows how and why even after the 1992 elections Congress must fundamentally change the way it operates.

Beyond the Ruling Class Suzanne Infeld Keller, 1991-01-01 Influential minorities have existed in some form in all human societies. Throughout history such elites have evoked varied responses: respect, hostility, fear, envy, imitation, but never indifference. While certain elite groups have been of only passing historical importance, strategic elites whose members are national and international leaders today are ultimately responsible for the realization of social goals and for the continuity of the social order in a swiftly changing world. This volume which first appeared in 1963 marked a major advance in our theoretical understanding of these elites: why they are needed, how they operate and what effect they have on society. Drawing upon the work of such classical writers as Saint Simon, Marx, Durkheim, Mosca, Pareto and Michels and such modern scholars as Mannheim, Lasswell, Aron, Mills and Parsons the author presents a challenging theory of elites that provides the framework for her examination of their co-existence, their social origins and their rise and decline. The elites discussed here include political, diplomatic, economic and military as well as scientific, cultural and religious ones. Systematically the author surveys available empirical data concerning American society and selected materials on Great Britain, Germany, the Soviet Union and the developing nations of Asia and Africa. Written with clarity and distinction, *Beyond the Ruling Class* remains a thorough and provocative treatment rich in empirical insights of a subject that will compel the attention of political scientists, sociologists and historians concerned with themes of power, influence and leadership in national and international life. Her new introduction to *Beyond the Ruling Class* is at once an appraisal of the current status of elite studies and a careful self-evaluation of her efforts.

The ruling class Peter Barnes, 1975 [What Does the Ruling Class Do When It Rules?](#) Göran Therborn, 2016-02-23 In his new book Gran Therborn, author of the now standard comparative work on classical sociology and historical materialism, *Science, Class and Society* looks at successive state structures in an arrestingly fresh perspective. Therborn uses the formal categories of modern system analysis: input mechanisms, processes of transformation, output flows, to advance a substantive Marxist analysis of state power and state apparatuses. His account of these is comparative in the most far-reaching historical sense; its object is nothing less

than the construction of systematic typology of the differences between the feudal state the capitalist state and the socialist state Therborn ranges from the monarchies of mediaeval Europe through the bourgeois democracies of the west in the 20th century to the contemporary regimes in Russia Eastern Europe and China The book ends with a major analytic survey of the strategies of working class parties for socialism from the Second International to the Comintern to Eurocommunism that applies the structural findings of Therborn s enquiry in the Future as History Written with lucidity and economy What Does the Ruling Class Do when it Rules represents a remarkable sociological and political synthesis The Ruling Class of Judaea Martin Goodman,1993-06-03 This book examines why in AD 66 a revolt against Rome broke out in Judaea It attempts to explain both the rebellion itself and its temporary success by discussing the role of the Jewish ruling class in the sixty years preceding the war and within the independent state which lasted until the destruction of the Temple in AD 70 The author seeks to show that the ultimate cause of the Revolt was a misunderstanding by Rome of the status criteria of Jewish society The importance of the subject lies both in the significance of the history of Judaea in this period for the development of Judaism and early Christianity and in the light shed on Roman methods of provincial administration in general by an understanding of why Rome was unable to control a society with cultural values so different from its own **Myth of the Ruling Class** Meisel,1981-01-01 *The Ruling Class* Francine Pascal,2006-02-07 Sick of being bullied and harassed a new girl at a wealthy suburban Dallas high school plots revenge on the girls in the ruling clique **The Myth of the Ruling Class** James Hans Meisel,1896 **What Does the Ruling Class Do When It Rules?** Goran Therborn,1978-04-01

What Does the Ruling Class Do When It Rules? Goran Therborn,2008-01-17 In his new book Goran Therborn author of the now standard comparative work on classical sociology and historical materialism *Science Class and Society* looks at successive state structures in an arrestingly fresh perspective Therborn uses the formal categories of modern system analysis input mechanisms processes of transformation output flows to advance a substantive Marxist analysis of state power and state apparatuses His account of these is comparative in the most far reaching historical sense its object is nothing less than the construction of systematic typology of the differences between the feudal state the capitalist state and the socialist state Therborn ranges from the monarchies of mediaeval Europe through the bourgeois democracies of the west in the 20th century to the contemporary regimes in Russia Eastern Europe and China The book ends with a major analytic survey of the strategies of working class parties for socialism from the Second International to the Comintern to Eurocommunism that applies the structural findings of Therborn s enquiry in the Future as History Written with lucidity and economy What Does the Ruling Class Do when it Rules represents a remarkable sociological and political synthesis *The Ruling Class* Peter Barnes,1969 **The Myth of the Ruling Class** James Hans Meisel,1958 *The Myth of the Ruling Class : Gaetano Mosca and the "elite." With the First English Translation of the Final Version of The Theory of the Ruling Class* James Hans Meisel,1958 The Socialist Campaign Book of ... ,1912 The Theory of the Ruling Class Gaetano Mosca, **The Class**
