Nutritional Care is a valuable resource for anyone providing nutritional care or teaching for improved health or health maintenance. This convenient pocket sized guide is divided into four sections: Nutrition for Health Promotion Throughout the Life Cycle, Obesity and Eating Disorders, Nutrition Support, and Nutrition and Specific Clinical Conditions. The content addresses such issues as nutrition related disruptions of health, eating disorders, and enteral and parenteral nutrition support. The emphasis on nutrition assessment, its thorough treatment of nutrition support, and its practical suggestions for clinical care and teaching are some of the features that makes this guide unique.

Nutrition Guide for Professionals Margaret A. Powers (RD.), 1988. Abstract: This publication is intended to provide guidance concerning diabetes nutrition care. The guide emphasizes the need to individualize diabetic meal planning and expands the description of meal planning to include alternatives to the exchange system. The exchange system however is the model diabetic diet and receives special attention in this publication. Objectives and activities to be used when teaching the use of the exchange lists for meal planning are outlined. The complete nutrient composition data base that was used to develop the 1986 Exchange Lists is included.

Nutrition Therapy Bridget M. Klawitter, 2007. This practical text presents a wealth of fresh ideas and techniques for strengthening counseling skills to face real world issues in nutrition therapy. It offers students and practitioners advice on ways to increase referrals, decrease no shows, and overcome common barriers to effective counseling. The Third Edition also explores strategies for counseling patients with AIDS, diabetes, and other chronic diseases, for group therapy, for teaching developmental skills, and for end of life counseling. This edition has a new reader friendly design and layout. New learning activities including case studies and critical thinking exercises encourage students to apply what they have learned to common situations in clinical practice.
