The Zebra:

The Zebra's Stripes and other African Animal Tales Dianne Stewart, 2004-11-01 Folktales can be described as fictional prose narratives that are not confined to any particular culture. A folktale may appear in a slightly different form in a culture that is geographically nearby or it may appear in a culture that is quite far removed from its original source. In *The Zebra's Stripes and other African Tales* Dianne Stewart has retold a collection of folk tales that have their origins all over Africa. Aimed at children and adults, these tales include legends such as *How Lion and Warthog became Enemies* from the Lamba people of Togo, *How Giraffe Acquired his Long Neck* from East Africa, *Why Hippopotamus Lives in the Water* from Nigeria, and *Monkey the Musician* from South Africa. There are tales from the San, Zulu, Zambia, Congo, and West Africa, et al. Each section is devoted to a type of animal and concludes with some facts about the animal in question, adding educational value to the stories. Proverbs from various cultures provide additional insight. Throughout, Kathy Pienaar's beautiful illustrations show great attention to detail.

These stories are intended to stir their imaginations in such a way that the transition from fantasy and adventure into dreamland will be a seamless one. Best of all, your children will be able to get a good night's sleep and wake up feeling refreshed and happy. The chapters are designed to take you and your family on an exciting adventure through different situations laden with imagination and surprises while also attempting to disseminate valuable lessons about important principles such as family, home, wrongdoing, and numerous other themes. While each story is unique, the underlying purpose of each remains the same: to confer on readers some degree of insight into moral behaviour and proper conduct. Through the careful application of allegory, the stories contained herein are intended not only to engage and captivate but also to serve as thought-provoking tools by which your children might avail themselves of one of mankind's most powerful attributes: thoughtfulness and self-reflection. In addition, each story uses colourful and imaginative characters, settings, and situations to create an environment that will not only help children become interested in the story itself but also serve as a vehicle to convey a moral lesson. Plus, the stories in this book seek to create traditions and memories that will create everlasting moments that your children will treasure for the rest of their lives. These are the kind of moments that your children will surely love to share with their children someday too. So let's jump right in and take a trip into a magical world from which your children will drift off in their sleep.
