Barbs, Bullets, and Blood Harold D. Jobs,2025-07-11 In 1874 Joseph Glidden patented and manufactured the nation s first barbed wire and the next year Henry Sanborn came to Texas selling Glidden s wire to cattlemen Sales increased each year and in 1883 Sanborn sold Texas ranchers one million dollars worth of barbed wire but free range cattle advocates and homesteaders revolted against the barbed wire fences more than half of Texas s counties experiencing fence cutting In the eyes of some Texans barbed wire fences stopped cattle drives interfered with homesteading and wrecked the state s economy but the act of fence cutting precipitated extreme levels of violence between the ranchers and the fence cutters Fence cutting

occurred as far north as Montana but no state suffered the magnitude of fence cutting and violence as in Texas Fence cutting usually occurred at night and responsibility for stopping it fell on local lawmen who often failed The Texas state government lacked statutory authority and financial means to stop it so Governor John Ireland called the Texas legislature to Austin for a special session to write new laws and appropriate funds to cope with this revolution After successful passage Pinkerton and Ferrell s commercial detectives and the Texas Rangers stepped in to assist A war of barbs bullets and blood followed Soon detectives fled the state a Ranger was assassinated and another Ranger wounded In a midnight shootout with Rangers two fence cutters were killed one of them the neighboring community s justice of the peace Texas s fence cutting incidents are found scattered in earlier writings but Barbs Bullets and Blood is the first comprehensive coverage of one of the state s most violent and costly episodes [The North American Review's War Weekly](#) George Brinton McClellan Harvey,1918
