The Orphans Experience:

Researching Children's Experience Sheila Greene, Diane Hogan, 2005-02-09 How should the researcher approach the sensitive subject of the child What are the ethical issues involved with researching children's experiences The essays in this text address these questions and examine up to date methodological and conceptual approaches to researching children

OCLC **The Orphan Girls** James S. Peacocke, 1859 *Overcoming AIDS* Donald E. Morisky, W. James Jacob, Yusuf K. Nsubuga, Steven J. Hite, 2006-06-12 *Overcoming AIDS Lessons Learned from Uganda* explores the global issue of AIDS orphans and caregivers offering a multidisciplinary response framework Part of the Research in Global Child Advocacy series it highlights the commitment to a better future for affected children despite social and economic disparities

The Poltergeist in William Faulkner's Light in August John P. Anderson, 2002-09 An analysis of Faulkner's novel *Light in August* based on the death of his daughter Alabama BACK COVER This non-academic author exposes the poltergeist lurking in the cellar of Faulkner's uncanny and haunting novel *Light in August* as the ghost of Faulkner's first child Alabama She was born prematurely and died tragically after only nine days apparently in the clutches of fetal alcohol syndrome Faulkner couldn't write anything substantial for 7 months and then started this disturbing novel The author demonstrates how Faulkner's own grief experience shaped the characters and the action and how he grounded part of his personal poltergeist in this novel The resulting novel is full of tension and alienation Strangers occupy Faulkner's fictional Jefferson Mississippi against the background of the culturally reft South post Civil War The author shows how Faulkner shrouded his intensely personal grief experience in a conceptual wardrobe borrowed from the philosopher and Nobel Prize winning Henri Bergson Faulkner borrowed Bergsonian concepts of the life and death currents for the contrast in characters between those free in the present and those prisoners of the past Lena Grove the young and pregnant country girl walking for weeks to find the father of her child bears the life current and Joe Christmas the orphan turned rapist and murderer the death current The author demonstrates how Faulkner created the novel's other vivid characters using similar contrasts and how the plot strands tie together in a resonating whole The author's detailed textual analysis of important passages brings this difficult novel into focus Like the author's other books on Joyce and Faulkner use of this analysis either as literary foreplay or afterplay will enhance your reading experience of Faulkner's novel

Principles of Psychology Matt Jarvis, Paul Okami, 2020 *Principles of Psychology Contemporary Perspectives* offers students a complete introduction to psychology It balances contemporary approaches with classic perspectives weaves stimulating conceptual issues throughout the text and encourages students to think critically creatively and practically about the subject and how it applies to the real world It opens with an introduction to the study of psychology at undergraduate level and the positioning of psychology as a science including coverage of some of its methods before going on to look at the core domains of study typical in many European programmes and set out in the British Psychological Society guidelines The carefully developed pedagogical scheme is focused on getting students to think

critically about the subject and to engage with its methodological elements and on demonstrating real world relevance Digital formats and resources Principles of Psychology Contemporary Perspectives is supported by online resources and is available for students and institutions to purchase in a variety of formats The e book is enhanced with embedded self assessment activities and multi media content including animations concept maps and flashcards to offer a fully immersive experience and extra learning support www.oxfordtextbooks.co.uk/ebooks The study tools that enhance the e book along with web links to guide further reading are also available as stand alone resources for use alongside the print book Here lecturers can access a Lecturer s Guide to the book alongside downloadable PowerPoints images and Test Banks for use in their teaching

Rituals of Migration Kevin Kenny, Maddelena Marinari, 2025-06-17 Italian and Irish immigrant experiences When people migrate they often perform social and cultural rituals along the way The idea of rites of passage with its elements of preparation departure transit admission exclusion expulsion and return helps us understand these moments in the process of migration in new and meaningful ways Rituals of Migration offers snapshots of Italian and Irish migrants on the move from the mid nineteenth to mid twentieth centuries The essays in this volume examine the particular moments actions sentiments and material objects in the process of migration at the point of departure in transit and in the process of return Because rites and rituals feature both nonverbal and verbal expression migration history can be understood by studying physical objects as well as written sources The authors focus on rituals created by migrants and their descendants but they also consider the actions of officials who regulated migrants departure travel admission exclusion and removal By examining what people did thought felt and packed on the eve of their departures during their journeys and when returning to their homelands Rituals of Migration reveals how everyone involved in the immigration process including the migrants themselves the families they left behind and those in charge of regulating their mobility have tried to make sense of a process filled with peril uncertainty excitement and opportunity
