

OBJECTIVE VS SUBJECTIVE

Objective	VS	Subjective
Objective means making an unbiased balanced observation based on facts which can be verified.	01	Subjective means making assumptions, making interpretations based on personal opinions without any verifiable facts.
Objective observations or assessments can be used before arriving at any decisions.	02	Subjective observations or information should not be used while taking any important decisions.
Objective information can be found in Scientific journals, research papers, textbooks, news reporting, encyclopedias etc.	03	Subjective observations can be found in biographies , blogs , editorials of newspapers etc.
Objective observation or assessment is made after necessary information is verified.	04	A Subjective assessment is made without verifying the necessary information.
An objective statement is provable and can be easily measured.	05	A subjective statement is relative to the person in concern.
This is a method of stating or storytelling the truth in a systematic manner from all perspectives.	06	Any subjective information is derived from the opinion or interpretation of character and may depend on personal beliefs.
