Watching Anime, Reading Manga Fred Patten, 2004-09-01. The first book-length collection by the most respected writer on anime and manga today. Anime's influence can be found in every corner of American media, from film and television to games and graphic arts. And Fred Patten is largely responsible. He was reading manga and watching anime before most of the current generation of fans was born. In fact, it was his active participation in fan clubs and his prolific magazine writing that helped create a market and build American anime fandom into the vibrant community it is today. *Watching Anime, Reading Manga* gathers together a quarter-century of Patten's lucid observations on the business of anime, fandom, artists, Japanese society, and the most influential titles. Illustrated with original fanzine covers and archival photos. Foreword by Carl Macek, Robotech.

The Future of Japan W. Petrie Watson, 1907. *The Arts of Japan* Edward Dillon, 1906. **Japan Weekly Mail**, 1909. **The Japanese Journal of Physiology**, 1961. **The Return of the Gods** David G. Goodman, 2003. First published in 1988 and now available in a photo-reprint paperback edition, this book provides an important perspective on the theatre culture and politics of Japan in the 1960s. It contains translations of five plays representative of the period with analytical commentary by a leading authority on postwar Japanese drama. The author's central thesis is that the 1960 demonstrations against the renewal of the U.S.-Japan Mutual Security Treaty was a major turning point in Japanese intellectual life, one characterized by disillusionment with the old left and the legacy of prewar left-wing formulations and by a quest for an alternative to the dominant Hegelian-Marxist system. The book argues that the 1960s were a period of eschatological reflection in which profound questions about ultimate ends were being asked.
