Sufism A Short Introduction:

Sufism William C. Chittick, 2000 A compelling insight into the origins context and key themes of the Sufi movement by leading scholar William C Chittick The text covers such diverse topics as the relationship between Sufism and Islam the spiritual properties of music and dance and the beliefs and key writings of the Sufi tradition The Nature of the Sufi Path Anab Whitehouse, 2018-11-06 The material in *The Nature of the Sufi Path* consists of 70 commentaries on a book entitled *Sufism A Short Introduction* by Professor William C Chittick Many if not most of the paragraphs that comprise the 163 pages preface plus text of Professor Chittick s book contain problems errors misleading statements and or incorrect understandings concerning Islam in general and the Sufi path in particular This is both surprising and disturbing since the author is someone who apparently enjoys a considerable reputation in North America and perhaps elsewhere in the world as an expert on and scholar of the Sufi mystical tradition I do not claim that what I say in this book is a definitive exhaustive incapable of being improved upon treatment of the Sufi path Rather my hope is that the present book might move a person closer to the truth concerning the nature of that path than Professor Chittick s aforementioned introduction to Sufism does and as such would represent an improvement over his work **The Cambridge Companion to Sufism** Lloyd Ridgeon, 2015 This book traces the evolution of Sufism from the formative period to the present **Beshara and Ibn 'Arabi** Suha Taji-Farouki, 2007 Investigating sufi inspired spirituality in the modern world this multi faceted and interdisciplinary volume focuses on Beshara a spiritual movement that applies the teachings of Ibn Arabi in a non Muslim context It traces the movement s emergence in sixties Britain and analyses its major teachings and practices exploring through this case study the interface between sufism and the New Age and the encounter between Islam and the West Examining from a global perspective the impact of cultural transformations associated with modernization and globalization on religion this timely volume concludes by tracing possible futures of sufi spirituality both in the West and in the Muslim world *Sufism* Lloyd V.
