## **The Frogmen:**

The Frogmen of World War II Chet Cunningham,2007-11-01 The exciting story of the Navy s Underwater Demolition Team also known as the Frogmen of WWII who were the precursors to today s Navy SEALs in their own words As countless battlefronts in the Pacific African and European theaters called for direct amphibious assaults against islands and beachheads a small corps of exceptionally skilled fighting men was formed the U S Navy underwater warriors Beginning in 1943 these men undertook never before attempted missions ranging from eye to eye recon of enemy held positions to staging the demolition of shoreline obstacles and clearing the way for landing craft Here in their own words are the true stories of these aquatic commandos whose daring exploits and bravery would pave the way for thousands of American fighting men around the globe and whose revolutionary training and fighting methods would evolve into the modern special forces known as the Navy SEALs

Frogman Karla A Potter,1996-07-11 Trinette and her family moved to Kentenna in the Amazon Rain forest because her father had taken a construction job She and her entire family found themselves camping by a flooded river before ever reaching Kentenna Trinette passed the time by going out in the woods to draw One day she met Tazon an unusual creature of the rainforest Once the river went down the family arrived in Kentenna where Trinette met Tyler a young man near her own age Soon after Trinette finds out that strange creatures and things happen in a rain forest However Trinette s love for drawing and her adventuresome spirit keep her seeking for the truth about the strange happenings in the rain forest

**Decima Flottiglia MAS** Walter S. Zapotoczny Jr.,2017-06-25 Previously unpublished accounts of the Italian frogmen force Many previously unpublished photos personal accounts and stories Detailed accounts of ships destroyed and sunk by Decima Flottiglia MASA highly interesting account of a little known force A group of determined human torpedoes motorboat operators and assault swimmers fought bravely for Italy in the Second World War and inspired fear and respect from the British Navy The actions of these men severely reduced British naval power in the Mediterranean Even with small numbers and using relatively limited resources the commandos were a very effective force in the war against the British By the end of the war these men would sink or disable over 73 000 tons of Allied warships and over 128 000 tons of merchant shipping The story of the Italian commandos is one of determination and bravery Their tactics aroused confusion and nervousness with Allied commanders and their crews Italy s Decima Flottiglia Mas predates both the US Navy Underwater Demolition Teams that were formed in 1943 and forerunners of the better known US Navy SEALs and the British Royal Marines Special Boat Service formed as an offshoot of the Special Air Service in 1941 Perhaps the determination and actions of the Decima Flottiglia Mas qualify them as the best commandos of the Second World War Illustrations 16 black and white photographs
