Game Over Lynessa Goss,2009-06-05 Something jumped on Jesse and grabbed Georges shirt on the way down Jesse expected to hit the ground very hard and very soon In a few seconds even but he didnt They just kept falling Jesse looked up and saw that George had been dragged down as well What was going on here Everything was turning upside down and this way and that The fall was disorienting all senses Jesse could feel a scream rising in his throat but it never came out It got stuck there and blocked any sound from escaping Women, Judging and the Judiciary Erika Rackley,2013 Awarded the 2013 Birks Book Prize by the Society of Legal Scholars *Women Judging and the Judiciary* expertly examines debates about gender representation in the judiciary and the importance of judicial diversity It offers a fresh look at the role of the woman judge and the process of judging and provides a new analysis of the assumptions which underpin and constrain debates about why we might want a more diverse judiciary and how we might get one Through a theoretical engagement with the concepts of diversity and difference in adjudication *Women Judging and the Judiciary* contends that prevailing images of the judge are enmeshed in notions of sameness and uniformity images which are so familiar that their grip on our understandings of the judicial role are routinely overlooked Failing to confront these instinctive images of the judge and of judging however comes at a price They exclude those who do not fit this mould setting them up as challengers to the judicial norm Such has been the fate of the woman judge But while this goes some way to explaining why despite repeated efforts our attempts to secure greater diversity in our judiciary have fallen short it also points a way forward For by getting a clearer sense of what our judges really do and how they do it we can see that women judges and judicial diversity more broadly do not threaten but rather enrich the judiciary and judicial decision making As such the standard opponent to measures to increase judicial diversity the necessity of appointment on merit is in fact its greatest ally a judiciary is stronger and the justice it dispenses better the greater the diversity of its members so if we want the best judiciary we can get we should want one which is fully diverse *Women Judging and the Judiciary* will be of interest to legal academics lawyers and policy makers working in the fields of judicial diversity gender and adjudication and more broadly to anyone interested in who our judges are and what they do **Imagine** Ernest Cicogna,2020-07-24 In the year 2040 Homo sapiens were able to begin using technology developed by NASA to overcome the limiting constraints of their physical bodies This was accomplished by migrating their mental capabilities and consciousness into a computer generated virtual world The transformation enabled humans to
