Assessment and Therapy for Young Dysfluent Children Lena Rustin,Elaine Kelman,1995-06-08 Clinicians continue to be anxious about the assessment and treatment of dysfluency but all the evidence suggests that early intervention is of primary importance in preventing long term chronic stuttering This practical programme aims to provide the means to assess the child s speech and language and the family life style to identify the children at risk and to plan appropriate treatment for the child concerned

Working with Dysfluent Children Trudy Stewart,Jackie Turnbull,2017-07-05 This extensively revised edition is now an up to date clinical text with ideas on relating theory to current practice It is an invaluable resource for those working with children who are dysfluent containing revised chapters on all stages of dysfluency and practical ideas and suggestions for therapeutic approaches Areas covered include development of stammering assessment of children who are

dysfluent early dysfluency borderline stammering confirmed stammering group therapy and working with nurseries and schools **Literature, Speech Disorders, and Disability** Christopher Eagle, 2013-10-08 Examining representations of speech disorders in works of literature this first collection of its kind finds a new multidisciplinary subfield related but not limited to the emerging fields of disability studies and medical humanities The scope is wide ranging both in terms of national literatures and historical periods considered engaging with theoretical discussions in poststructuralism disability studies cultural studies new historicism gender studies sociolinguistics trauma studies and medical humanities The book's main focus is on the development of an awareness of speech pathology in the literary imaginary from the late eighteenth century to the present studying the novel drama epic poetry lyric poetry autobiography and autopathography and clinical case studies and guidebooks on speech therapy The volume addresses a growing interest both in popular culture and the humanities regarding the portrayal of conditions such as stuttering aphasia and mutism along with the status of the self in relation to those conditions Since speech pathologies are neither illnesses nor outwardly physical disabilities critical studies of their representation have tended to occupy a liminal position in relation to other discourses such as literary and cultural theory and even disability studies One of the primary aims of this collection is to address this marginalization and to position a cultural criticism of speech pathology within literary studies

A Handbook on Stuttering Oliver Bloodstein, 1995 A Handbook On Stuttering was written to guide the reader to the edge of our knowledge about stuttering and where the edge is not well defined to point out where the footing is insecure and where we stand on solid ground Dr Bloodstein continues to produce a manual that is at once thorough and enjoyable to read for both the fledgling clinician and the seasoned pro

Treatment Efficacy for Stuttering Anne K. Cordes, Roger J. Ingham, 1998 Chapters in the first section review five areas of inquiry spontaneous recovery definition and measurement genetics speech motor control and stuttering theory while seeking treatment implications of that knowledge The second section focuses more directly on the evaluation of treatment options and treatment outcomes and addresses both direct and indirect treatments for children and adults The 12 contributions are based on papers presented at a State of the Art Conference held at the University of Georgia March 1997
