SYSTEMS THEORY Michael Chow, After more than 2000 years of Christianity Christians still cannot agree on the gospel
message Complex systems theory enlightens us to the nature of the gospel it is a complex entity Our conflicting
interpretations arise from ignoring that fact in our present approach to the gospel We focus on the shape shifting meaning of
individual words instead of resolving the complex relationships in the gospel to find the truth Michael has approached the
gospel from a complexity perspective and has produced a structured and organized view of the gospel In the process he was
able to resolve his issues with the doctrines of justification and salvation Exploring the Gospel with Complex Systems Theory

Dispensationalism is a true story of an Independent Baptist s spiritual journey to a new understanding of the Bible God s
Word For some people the words dispensation and dispensationalism are foreign words to them They have no idea what a
dispensation is let alone how it connects with Bible doctrine and how it is taught affects their belief system More than one
has said they had to look the word up in a dictionary The author was schooled and trained as an Acts 2 dispensationalist Most
churched Christian people were trained the same way But is that what the Bible teaches If that teaching is wrong how would
that change your theology This is a story of how the author was introduced to mid Acts Bible doctrine and what he came to
believe because of that **Digest**, 1895 *American Educational Digest*, 1925
