E. Armstrong, 1928 First published in 1928 this volume provides a study of tribal culture on Rossel Island otherwise known as Yela the easternmost island in the Louisiade Archipelago in what is now Papua New Guinea. The material used was collected by the author during a two month stay on the island in 1921 whilst holding the position of Assistant Anthropologist to the Papuan Government. Although it was originally intended as a general survey the text devotes special attention to aspects of life on the island that had been insufficiently analysed in past studies: a complicated network of social relationships and a monetary system. It is also notable for containing an introduction by the renowned anthropological pioneer Alfred Cort Haddon 1855-1940 along with numerous illustrative figures. This is a fascinating book that will be of value to anyone with an interest in the history of anthropology and Melanesian cultures.

Dugger, Howard J. Sherman, 2003 **The God Who Is** Hans Schwarz, 2011-01-01 Who is the God in whom Christians believe? Is he just a figment of the human mind as critics of religion claimed in the nineteenth century and as crusading atheists assert again today? Since the beginnings of rational thought the brightest minds among humanity have attempted to assert that God does indeed exist. But even the so-called proofs for God's existence always started with the assumption that there is someone to prove. As soon as we move beyond that which is within space and time mere proofs or disproofs no longer suffice. Both believers and unbelievers live to a certain degree by faith. Yet religion is inextricably connected with human history. When we journey through the landscape of religion and witness its gradual unfolding we soon realize that not all religions are equal. Though they may be witnesses of the same God the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth. At the end of this long journey we finally arrive at the Judeo-Christian tradition which witnesses to the God in whom Christians believe. This book seeks to show how this belief matured and what difference this belief still makes today.
