Building Healthy Places Toolkit Urban Land Institute,2015 This project was made possible through the generous financial support of the Colorado Health Foundation Additional support for the ULI Building Healthy Places Initiative has been provided by the estate of Melvin Simon

The Funding Green Buildings Toolkit Jan McAdams,2004

Land Management Erwin Hepperle,2012-12-05 The European Academy of Land Use and Development EALD organizes annual symposiums on topics related to the interactions between people and the land in both rural and open environment This book contains articles of experts from 14 different European countries with different professional background It covers the following generalized topics Interactions between landscape transformation and the structure of social systems and ecosystem services the role of institutions and stakeholders in land use change the various impacts of land use changes coordination requirements in land use planning approaches to address specific challenges in land management stumbling blocks of integral land management

How Much Energy Does Your Building Use? Kerry Mashford,Liz Reason,2017-09-08 Why do award winning green buildings so often have higher energy bills than ordinary buildings Why do expensive refurbishments deliver outcomes that are far from the promises of improved sustainability Why does your building have high running costs and still the occupants complain about being too cold or too hot and are otherwise dissatisfied The failure of many countries to produce buildings that are comfortable with excellent energy performance is a scandal Achieving low energy buildings does not involve learning rocket science just some basic building physics a clear language for talking meaningfully about energy efficient outcomes with all those in the buildings cycle and an outlook that casts a new low energy perspective on old problems This book provides that common language It outlines a path towards understanding what makes for a good quality low energy building the stakeholders that need to be engaged and encourages new ways of thinking about how to reduce energy use and costs This book is for everyone in the buildings cycle from CEOs of major construction companies to Sustainability Energy Environment Facilities and Utilities managers in any company that aims to reduce energy use in a non domestic building

[A Prototype Toolkit for Evaluating Indoor Environmental Quality in Commercial Buildings](#) Tom Webster (PE),University of California, Berkeley. Center for the Built Environment,2013

Sustainable Construction Charles J. Kibert,2012-10-03 The classic reference for high performance green building delivery systems No longer just a buzzword sustainable construction is going mainstream and soon will be the norm Revised to reflect the latest developments of the U S Green Building Council s Leadership in Energy and Environmental Design LEED rating system and other tools Sustainable Construction Green Building Design and Delivery Third Edition guides construction and design professionals through the process of developing commercial and institutional high performance green buildings in today s marketplace Charles Kibert provides an introduction to green building covering the theory history and state of the industry as well as best practices in building procurement and delivery systems From green building and Green Globes assessments to building

hydrological systems and materials and product selection this comprehensive text covers all of the factors involved with sustainable construction In a clear and accessible writing style Kibert addresses issues so that the reader can think critically and independently as part of the cutting edge in green building The Third Edition includes up to date coverage of The latest developments leading up to LEED version 4 Carbon neutral design and carbon accounting Green Globes and international building assessment systems The Living Building Challenge Environmental product declarations EPDs as the norm for green building products The trends in net zero energy building design and policies Broad enough to cover the needs of faculty and students and detailed enough to serve as a professional reference Sustainable Construction Third Edition is a must for the builder owner and construction manager looking to take advantage of the opportunities in this rapidly evolving field the designer looking to be LEED certified or anyone interested in sustainability
