True Born Maroons:

True-Born Maroons Kenneth M. Bilby, 2008-03-01 Remarkably this and later efforts to destroy the group failed and today the Maroon settlements on Jamaica still consider themselves an independent nation governed by the terms granted in the 1739 truce

Freedom Roots Laurent Dubois, Richard Lee Turits, 2019-10-11 To tell the history of the Caribbean is to tell the history of the world write Laurent Dubois and Richard Lee Turits In this powerful and expansive story of the vast archipelago Dubois and Turits chronicle how the Caribbean has been at the heart of modern contests between slavery and freedom racism and equality and empire and independence From the emergence of racial slavery and European colonialism in the early sixteenth century to U S annexations and military occupations in the twentieth systems of exploitation and imperial control have haunted the region Yet the Caribbean is also where empires have been overthrown slavery was first defeated and the most dramatic revolutions triumphed Caribbean peoples have never stopped imagining and pursuing new forms of liberty Dubois and Turits reveal how the region s most vital transformations have been ignited in the conflicts over competing visions of land While the powerful sought a Caribbean awash in plantations for the benefit of the few countless others anchored their quest for freedom in small farming and counter plantation economies at times succeeding against all odds Caribbean realities to this day are rooted in this long and illuminating history of struggle

Fictions of Land and Flesh Mark Rifkin, 2019-08-23 In Fictions of Land and Flesh Mark Rifkin explores the impasses that arise in seeking to connect Black and Indigenous movements turning to speculative fiction to understand those difficulties and envision productive ways of addressing them Against efforts to subsume varied forms of resistance into a single framework in the name of solidarity Rifkin argues that Black and Indigenous political struggles are oriented in distinct ways following their own lines of development and contestation Rifkin suggests how movement between the two can be approached as something of a speculative leap in which the terms and dynamics of one are disoriented in the encounter with the other Futurist fiction provides a compelling site for exploring such disjunctions Through analyses of works by Octavia Butler Walter Mosley Nalo Hopkinson Melissa Tantaquidgeon Zobel and others the book illustrates how ideas about fungibility fugitivity carcerality marronage sovereignty placemaking and governance shape the ways Black and Indigenous intellectuals narrate the past present and future In turning to speculative fiction Rifkin illustrates how speculation as a process provides conceptual and ethical resources for recognizing difference while engaging across it
