Work Of The Future Global Perspectives:

Global Perspectives on Social Work in Transition Norby Paul, Joyashree Dey, 2025-08-11 Mit Perspektiven aus 8 Ländern behandelt dieses Buch ein vielfältiges Spektrum von Themen die für die aktuelle internationale Sozialarbeit von Bedeutung sind Die Autorinnen veranschaulichen und diskutieren Praktiken der Sozialarbeit und ihre Anpassungsfähigkeit in der Zeit nach der Covid 19 Pandemie in ihren jeweiligen Kontexten Forschungsbasierte Überlegungen sowohl aus der Wissenschaft als auch aus der Praxis werden miteinander verwoben um dort Orientierung zu bieten wo traditionelle Formen der Sozialen Arbeit in Frage gestellt werden Ziel des Buches ist es den Leserinnen und Lesern die Möglichkeit zu geben sich mit den Implikationen der heutigen Herausforderungen auseinanderzusetzen und zukunftsorientiert zu handeln The Future of Work in Asia and Beyond Alan R. Nankervis, Julia Connell, John Burgess, 2020-03-13 The Future of Work in Asia and Beyond presents the findings and associated implications arising from a collaborative research study conducted on the potential impact of the Fourth Industrial Revolution 4IR or Industry 4.0 on the labour markets occupations and associated future workforce competencies and skills across ten countries The 4IR concerns the digital transformation in society and business an interface between technologies in the physical digital and biological disciplines The book explores many related issues the nature of the 4IR as well as demographic generational and socio-cultural issues economic and political perspectives public and private sector similarities and differences business strategy and managerial implications human resource management planning strategies policies and practices industry innovations best practice cases and comparative country studies Chapters are based on a framework which combines labour market and multiple stakeholder theories Issues are explored through the perceptions of organisational managers based in Australia China India Indonesia Malaysia Mauritius Nepal Singapore Taiwan and Thailand to provide an analysis of organisational industry and government preparedness for the 4IR This book is recommended reading for anyone wanting to gain an understanding of the 4IR and a range of related challenges and issues as well as suggested strategies for governments education and industry that are necessary to address them **Global Perspectives on Job Insecurity in Higher Education** Lara Christina Roll, Hans De Witte, Sebastiaan Rothmann, 2025-05-27 This compelling book delves into the damaging effects of job insecurity in higher education across ten countries shedding light on its profound implications for individuals and institutions By exploring the associations between job insecurity and critical factors such as health well-being and performance it underscores the urgent need for effective intervention measures The book also highlights the ripple effects of job insecurity on academic staff researchers PhD and postdoctoral students as well as administrative and support staff ultimately impacting the quality of education Featuring the largest cross-country data collection on this topic to date this collaborative effort brings together leading international researchers to provide novel insights Each chapter offers unique comparative analyses making the book a vital resource for academics policymakers students and readers worldwide who are invested in the future of higher

education It is both a call to action and a foundation for further research in this critical area Older Workforces Domini Bingham,2019-01-22 We are all going to become old Many countries are ageing demographically with ageing workforces Despite anti discrimination and equality laws older workers are routinely left out from learning opportunities even unconsciously so suffer stereotyping or they simply do not participate Why is this so This book looks to understand the background to this and re imagine older workplaces to capitalise on older workers The author explores what learning and development offers a best fit for older workforces through literature research and case studies with organisations and individuals She considers how an organisation might shift its strategic processes to offer a holistic workforce opportunity of value to both employee and employer as it is cognitive skills that will be needed in future workforces Emphasising the area of work agency and the human right to learning this book turns ageing and learning in workplaces on its head seeing older workers as vessels of untapped potential It re imagines their possibilities in a time of intense demographic and digital change This book will be a pragmatic guide to academics researchers and practitioners in the fields of workplace learning human resource development social policy and diversity **Global Perspectives on Developing Professional Learning**

Communities Nicholas Sun-Keung Pang,Ting Wang,2018-03-13 This book discusses distinctive features of the professional learning community concept practices and processes across six different education systems in the Asia Pacific region namely Mainland China Hong Kong Taiwan South Korea Singapore and the United States It provides a platform for an exchange of different perspectives and offers alternative possibilities of theorizing professional learning communities across different socio cultural contexts Contributors provide valuable insights for policy makers education researchers and educators in the Asia Pacific region and elsewhere to deal with critical questions about the improvement of teaching and learning and school improvement in a globalizing world This book was originally published as a special issue of the Asia Pacific Journal of Education International Perspectives on Early Childhood Teacher Education in the 21st Century Wendy Boyd,Susanne

Garvis,2021-10-22 This book provides significant information regarding the policies and provisions for early childhood teacher education programs in universities in fourteen different countries Early childhood education and care ECEC is expanding rapidly across the globe with unprecedented numbers of children attending EC centres requiring the investment in educators to provide good quality ECEC Yet there is an inconsistent approach to early childhood teacher preparation and the quality of existing programs is not known Each country s contributing author s is are well known in their field for their in depth knowledge of early childhood teacher education programs including content structure and professional experience that works within the scope of policy and registration agencies The chapters address the current situation of staffing shortage or oversupply of early childhood teachers in their country The book informs policy regarding content of early childhood teacher preparation programs and provides evidence of current courses across many under represented countries throughout the world It makes a significant contribution to understanding the environment for early childhood teacher programs **The**
