Chu-yuan Cheng, 2019-09-17 The 1989 prodemocracy movement in the People's Republic of China and the subsequent crackdown were marked by many dramatic reversals. Supported at first by several thousand Beijing University students, the movement quickly attracted millions of followers and developed into a nationwide mass movement. The jubilant mood during the short-lived freedom in Tiananmen Square turned into despair over the unnecessary bloodshed. The event raised many deeply disturbing questions: Was the massacre necessary and justified? What is the historical significance of this movement? Which path will the PRC follow in the decade ahead? Although no one had anticipated the tragic outcome, the popular unrest was not totally unexpected. When I read the news of 200,000 Beijing students and residents in open defiance of the government's order staging a large-scale demonstration on April 20, I knew a confrontation between the people and the government was inevitable.

Saving Jesus Carter Heyward, 2026 In this theological resource for spiritual transformation and social change, Carter Heyward rethinks the figure of Jesus and his import for church, academy, and society.
