

# TEACHING STYLES

Teaching styles refer to the various methods and approaches that educators use to impart knowledge, skills, and values to their students.

## TYPES

The simplest way to differentiate between teaching styles is to compare student-centered to teacher-centered:

- **Student-centered** teaching focuses on the student and their needs.
- **Teacher-centered** teaching puts the teacher center stage.

## EXAMPLES

- **Facilitator:** a student-centered teacher who observes and supports students as they learn through the use of prompting questions or strategic interventions.
- **Delegator:** a student-centered teacher who delegates task roles to students, who often work in groups to achieve their goals.
