Focus On: 100 Most Popular United States National Film Registry Films Wikipedia contributors, *When Cowboys Come Home* Aaron George,2023-11-10 *When Cowboys Come Home* Veterans Authenticity and Manhood in Post World War II America is a cultural and intellectual history of the 1950s that argues that World War II led to a breakdown of traditional markers of manhood and opened space for veterans to reimagine what masculinity could mean One particularly important strand of thought which influenced later anxieties over other direction and conformity argued that masculinity was not defined by traits like bravery stoicism and competitiveness but instead by authenticity shared camaraderie and emotional honesty To elucidate this challenge to traditional frontiersman masculinity Aaron George presents three intellectual biographies of important veterans who became writers after the war James Jones the writer of the monumentally important war novel *From Here to Eternity* Stewart Stern one of the most important screenwriters of the fifties and sixties including *Rebel without a Cause* and Edward Field a bohemian poet who used poetry to explore his love for other men Through their lives George shows how wartime disabused men of the notion that war was inherently a brave or heroic enterprise and how the alienation they felt upon their return led them to value the authentic connections they made with other men during the war

The Deadly Deep Iain Ballantyne,2018-12-04 A fascinating and comprehensive account of how an initially ineffectual underwater boat originally derided and loathed in equal measure evolved into the most powerful and terrifying vessel ever invented with enough destructive power to end all life on Earth Iain Ballantyne considers the key episodes of submarine warfare and vividly describes the stories of brave individuals who have risked their lives under the sea often with fatal consequences His analysis of underwater conflict begins with Archimedes discovering the Principle of Buoyancy Our clandestine journey then moves through the centuries and focuses on prolific characters with deathly motives including David Bushnell who in 1775 in America devised the first combat submarine with the idea of attacking the British Today nuclear powered submarines are among the most complex costly ships in existence Armed with nuclear weapons they have the ability to destroy millions of lives they are the most powerful warships ever created At the heart of this thrilling narrative lurks danger and power as we discover warfare s murkiest secrets
