

Through Soviet Russia

Alexander N. Yakovlev

Through Soviet Russia:

On Living Through Soviet Russia Daniel Bertaux, Anna Rotkirch, Paul Thompson, 2004-08-02 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The new policy of glasnost at the end of the 1980s resulted in a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and western researchers This book is a fascinating collection of life stories and family history interview material collected by the editors and two Russian groups of interviewers Through Soviet Russia - 7th Edition A. S. Hooper, 2010-11 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing many of these classic works in affordable high quality modern editions using the original text and artwork Through Soviet Russia A. S. Hooper (Major.), 1943*

Through Soviet Russia Arthur Sanderson Hooper, 1943 *Through Soviet Russia. The Diary of an English Tourist. With Photogrs. by the Author* T. L. Jarman, 1933 *Seven Years in Soviet Russia* Paul Scheffer, 1931 A Century of Violence in Soviet Russia Alexander N. Yakovlev, 2002-01-01 He unhesitatingly names those individuals who bear responsibility for these catastrophic deaths bringing into sharper focus than ever before the facts the perpetrators and the events of the Soviet Union s years of terror BOOK JACKET Three Months in Soviet Russia (1921) David Grunwald, 2022-04-02 Arthur Holitscher s book *Three Months in Soviet Russia 1921* written just over a century ago offers a rare glimpse into the formative years of the Soviet Union seen through the eyes of a journalist traveler who created a new form of travelogue called political literary journalism The people places and things are brought to life through the vignettes that sketch monumental suffering of a nation at war together with an idealism that promised a better tomorrow The story is all too human This story never translated into English is an important contribution to anyone wishing to understand the Soviet Union and Russia today The edition includes two new translations of Alexander Blok s famous poems *The Ballad of The Twelve* 1918 written about the Russian Revolution and *On Pushkin House* 1921 his last poem *Crossing Borders* Michael David-Fox, 2015-05-19 *Crossing Borders* deconstructs contemporary theories of Soviet history from the revolution through the Stalin period and offers new interpretations based on a transnational perspective To Michael David Fox Soviet history was shaped by interactions across its borders By reexamining conceptions of modernity ideology and cultural transformation he challenges the polarizing camps of Soviet exceptionalism and shared modernity and instead strives for a theoretical and empirical middle ground as the basis for a creative and richly textured analysis Discussions of Soviet modernity have tended to see the Soviet state either as an archaic holdover from the Russian past or as merely another form of conventional modernity David Fox instead considers the Soviet Union in its own light as a seismic shift from tsarist society that attracted influential visitors from the pacifist Left to the fascist Right By reassembling Russian legacies as he shows the Soviet system evolved into a complex intelligentsia statist form that introduced an array of novel agendas and practices many embodied in the unique structures of

the party state Crossing Borders demonstrates the need for a new interpretation of the Russian Soviet historical trajectory one that strikes a balance between the particular and the universal [Through Bolshevik Russia](#) Ethel Snowden,2025-03-29

Through Bolshevik Russia offers a rare glimpse into Soviet Russia in the years following the Bolshevik Revolution Authored by Ethel Mrs Philip Snowden this historical account provides insights into the realities of life under communism and the profound societal shifts occurring within the Soviet Union Explore the landscape of a nation undergoing radical transformation grappling with the ideals of communism and the practical challenges of implementing a new political and economic system This meticulously prepared print edition delves into the heart of Soviet Russia shedding light on the impact of the Bolshevik regime and the lived experiences of its citizens A valuable historical document for anyone interested in understanding the rise of communism in Russia and its lasting impact A critical resource for those studying Russian history and the development of political ideologies This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Everyday Stalinism** Sheila Fitzpatrick,1999-03-04 Focusing on urban areas in the 1930s this college professor illuminates the ways that Soviet city dwellers coped with this world examining such diverse activities as shopping landing a job and other acts [U.S.S.R - The Story of Soviet Russia](#) Walter Duranty,2007-03

PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his

arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

In Russian Wonderland

Charles Cole,2017-11-03 It seems every day we hear about Russia But how much do we really know about that far off place Travel back in time with the author and get a bird s eye view of life in the old Soviet Union the society that spawned today s Russia and made indelible imprints on her history and culture For over thirty years during the Cold War the former United States Information Agency USIA sent cultural exchange exhibits to the Soviet Union and other Iron Curtain countries This book describes in detail what it was like to serve as a Russian speaking guide at the various cities in which the exhibit Research and Development in the USA was shown in 1972 and contains examples depicting the lives of average Soviet citizens of the time This is what it s like to live in a society run by a large omnipotent government There can be no better time than now to look back at this history Had the Soviet Union survived as a country 2017 would have marked the 100 th anniversary of its founding As we strive to understand Russia s current policies and actions we need to look at her Soviet roots to fully understand them *Everyday Life in Early Soviet Russia* Christina Kiaer, Eric Naiman, 2006 How Soviet citizens in the 1920s and 1930s internalized Soviet ways of looking at the world and living their everyday lives [The Memory of the Second World War in Soviet and Post-Soviet Russia](#) David L. Hoffmann, 2021-08-26 This volume showcases important new research on World War II memory both in the Soviet Union and in Russia today Through an examination of war remembrance in its various forms official histories school textbooks museums monuments literature films and Victory Day parades chapters illustrate how the heroic narrative of the war was established in Soviet times and how it continues to shape war memorialization under Putin This war narrative resonates with the Russian population due to decades of Soviet

commemoration which continued virtually uninterrupted into the post Soviet period Major themes of the volume include the use of World War II memory for political legitimation and patriotic mobilization the striking continuities between Soviet and post Soviet commemorative practices the place of Holocaust memorialization in contemporary Russia Putin s invocation of the war to bolster national pride and international prestige and the relationship between individual memory and collective remembrance Authored by an international group of distinguished specialists this collection is ideal for scholars of Russia across a range of disciplines including history political science sociology and cultural studies **The Nation** ,1920 *The Far Eastern Review, Engineering, Finance, Commerce* ,1921 **Absolute War** Chris Bellamy,2008-11-26 In Absolute War acclaimed historian and journalist Chris Bellamy crafts the first full account since the fall of the Soviet Union of World War II s battle on the Eastern Front one of the deadliest conflicts in history The conflict on the Eastern Front fought between the Soviet Union and Nazi Germany between 1941 and 1945 was the greatest most costly and most brutal conflict on land in human history It was arguably the single most decisive factor of the war and shaped the postwar world as we know it In this magisterial work Bellamy outlines the lead up to the war in which the fragile alliance between the two dictators was unceremoniously broken and examines its far reaching consequences arguing that the cost of victory was ultimately too much for the Soviet Union to bear With breadth of scope and a surfeit of new information this is the definitive history of a conflict whose reverberations are still felt today **Bulletin of the Public Affairs Information Service** Public Affairs Information Service,1925 Moody's Manual of Investments: American and Foreign ,1927

Through Soviet Russia Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change.
