Silhan,FOREIGN TECHNOLOGY DIV WRIGHT-PATTERSON AFB OHIO.,1975 In recent years the development of computer technology in the COMECON countries has accelerated This development is demonstrated in the application of computers in classical areas of their application but also in the use of computers in new areas New information and control systems of increasing complexity are now in use and the use of these systems are discussed **Multinationals from the Second World** Carl H. COMECON's Mineral Development Potential and Its Implications for Canada N. M. Switucha,Canada. Minerals,1979 **European Integration and Disintegration** Robert Bideleux,Professor Richard Taylor,Richard Taylor,2002-09-11 Europe has changed radically since 1989 and continues to change at great speed This book deals with the principle problems and challenges confronting Europe in the aftermath of the Cold War and the collapse of European communism Whilst endeavouring to strike a balance between East West North and South the volume is more concerned with the changing political economic and cultural morphology of Europe and of the relations within it than with the formal institutional arrangements of the European Community and its successor the European Union There are already numerous books on the institutional development of the EU but relatively few with a wider compass and institutional interpretations of European integration The book shows that the study of European integration should be taken in the round avoiding a narrow

and self centered concern with the development of the lesser Europe of the EU It demonstrates that integration should be seen as neither an inexorable predetermined process nor as an automatic consequence of high levels of economic interdependence but rather as something that proceeds in fits and starts and sometimes suffers reverses Comecon J. J. Brine,1992 Comecon or the Council for Mutual Economic Assistance was founded by Joseph Stalin in 1949 to counteract the Marshall Plan and reinforce the bonds between the Soviet Union and the people s democracies of Eastern Europe Other Soviet Bloc nations later joined Comecon and for forty years it dominated the trade policies of the Soviet Bloc and profoundly influenced their domestic economic development and relations with the West Comecon collapsed in 1991 after the countries of Eastern Europe rejected communism It was often compared with the West European Common Market but differed vastly in its aims structure powers and activities Its influence is a critical factor in assessing both the economic failures of the Soviet Bloc and the problems facing former member states as they make the transition to free market economies This detailed annotated bibliography is an essential guide to the extensive English language literature about Comecon from its founding until its demise Chapters cover Comecon s history structure and law socialist economic integration the organization s arrangements for international trade and finance environment natural resources and energy labor industry and agriculture science and technology Comecon like the rest of the Soviet Bloc collapsed suddenly but its legacy will color international relations and worldwide economic issues for years to come An understanding of its institutions mechanisms and policies remains vital hi appreciating the economic organization of the former Soviet empire This bibliography will therefore be indispensable to policymakers economists historians and political scientists **Technology Transfer and National Policy** James Albert Dukowitz,1980 **Technical Progress and Industrial Growth in the USSR and Eastern Europe** Erkin Bairam,1988 **A History of Eastern Europe** Robert Bideleux,Ian Jeffries,2006-04-10 A History of Eastern Europe Crisis and Change is a wide ranging single volume history of the lands between the lands which have lain between Germany Italy and the Tsarist and Soviet empires Bideleux and Jeffries examine the problems that have bedevilled this troubled region during its imperial past the interwar period under fascism under communism and since 1989 While mainly focusing on the modern era and on the effects of ethnic nationalism fascism and communism the book also offers original striking and revisionist coverage of ancient and medieval times the Hussite Revolution the Renaissance the Reformation and the Counter Reformation the legacies of Byzantium the Ottoman Empire and the Hapsburg Empire the rise and decline of the Polish Lithuanian Commonwealth the impact of the region s powerful Russian and Germanic neighbours rival concepts of Central and Eastern Europe the 1920s land reforms and the 1930s Depression Providing a thematic historical survey and analysis of the formative processes of change which have played the paramount roles in shaping the development of the region A History of Eastern Europe itself will play a paramount role in the studies of European historians *The Transfer of Technology to Socialist Countries* Vladimir Sobeslavsky,P.
