The Remote Work Handbook Mari Anne Snow,2022-09-13 The Remote Work Handbook The Definitive Guide for Operationalizing Remote Work as a Competitive Business Strategy is for readers seeking to leverage the business benefits of a flexible remote workforce It is a practical guide for building and implementing remote work at any size organization C suite executives operation leaders business owners or entrepreneurs who recognize the workplace is changing can use it to re tool their operations for a strategic business advantage Mari Anne Snow the author is a recognized remote work expert with over 20 years of experience leading remote teams and has re written the rules of leadership to unlock the potential in remote and distributed teams In this book she shares all her secrets The book explores the untapped potential of remote teams and lays out the business case for adopting a new flexible workplace model to build organizational

resilience and a competitive edge It takes the reader through the step by step process of constructing a remote work operating model staging an implementation then institutionalizing and sustaining the change It includes down to earth professional and personal stories that alert the reader to the top priorities and operational realities they will face as they craft their own implementation plan for operationalizing remote work at their company *Remote Work, Internal Marketing and Human Resource Management* Teena Mishra,2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles As there is no standard model to use for implementation a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized This book presents the views opinions and reality of remote work and creating an appropriate internal marketing culture in a remote environment The key topics explored are the significance of remote work remote work practice reshaping the work environment designing remote work models of remote work challenges of remote work facing business organizations remote work management innovations and technology the role of motivation and satisfaction in organizational development employee empowerment in a remote setting transparency and commitment for sustainable development and the future of remote work This research volume will be of value to researchers academicians practitioners and students in the fields of human resource management organizational studies and innovation management

Digital Competence in Agile and Hierarchical Organizations Festus Adedoyin,2025-10-24 This book explores the critical intersection of digital competence operational performance and organizational agility offering insights for academics professionals and decision makers navigating the digital era Through a global lens it examines digital transformation strategies across diverse contexts including higher education multinational organizations and cultural landscapes with a case study of Astana IT University for one of the chapters The book delves into the implications of cybersecurity data analytics and business intelligence for enhancing digital competence comparing agile and hierarchical organizational structures It also addresses the challenges of uncertainty the impact of cultural factors and the opportunities presented by remote work and digital collaboration Readers will gain practical frameworks and comparative analyses to strengthen digital transformation initiatives and improve organizational performance This resource is invaluable for leaders seeking to foster agility overcome uncertainty and leverage technology for sustainable growth It will be of interest to academics professionals and policymakers across a wide range of fields including strategic management technology and innovation management and organizational behaviour

Work and Legal Guidelines in the Age of Digitalisation and Green Transition Rita Remeikienė,Ligita Gasparėnienė,2025-12-24 This open access book provides important insights into the integration of digitalisation and green economy into the platform economy and how these processes can contribute to the improvement of legal labour regulations and processes in the EU and Eastern Europe It addresses the following key topics the impact of digitisation on the labour market including the impact of robotics and automation on the changing nature of work the organisation of work through

digital platforms the relationship between workers and employers the challenges of implementing the Green Deal strategy in the labour market the specifics and types of platform work problems concerning labour regulation on digital platforms in Eastern and Southern European countries such as Moldova Ukraine Bosnia and Herzegovina Serbia Montenegro and Albania and the results of an empirical survey The topics are highly relevant in the contemporary context as the European Parliament adopted the Platform Work Directive in 2024 after several years of debate This Directive aims to sift out the working patterns of the platform sector introducing clear criteria on what is considered to be an individual activity and what is considered to be an employment relationship The EU Directive calls upon each EU country to develop its own criteria for assessing whether certain work carried out via platforms is based on an employment relationship or merely constitutes an individual activity One of the book's main objectives is to present possible business models for digital platform work that offer greater social protection for the worker by analysing the theoretical aspects of digitalisation and the integration of the green economy into the labour market and the legal framework for digital labour market platforms in Eastern and Southern European countries The book will be of interest to policymakers responsible for regulation of the labour market trade unions university lecturers and students of economics and law who are interested in delving into the characteristics and regulation of the digital economy and the digital labour market labour platform workers and employers

Handbook of Radiotherapy Planning Minsun Kim, Mu-Han Lin, 2026-02-23 The *Handbook of Radiotherapy Planning* covers essential concepts and practical considerations for achieving high quality external beam radiotherapy plans Edited by recognized experts and authored by highly skilled planners this concise guide emphasizes plan quality as a critical clinical skill It bridges the gap between standard reference materials and day to day clinical practice by providing anatomical site specific guidelines planning tips real world examples and advanced topics Each chapter highlights decision making processes common pitfalls and techniques to improve consistency and quality across a variety of disease sites and treatment approaches The book fosters collaborative workflows and promotes a deeper understanding of treatment planning beyond minimum standards This book is intended for physicists dosimetrists and radiation oncologists who seek practical and high yield guidance in radiotherapy planning particularly those building their skills early in their careers
