## **Tax Accounting For Small Business:**

**Tax Accounting** Greg Shields, 2021-01-09 If you're a business owner wanting to learn more about taxes without going through boring textbooks then keep reading Benjamin Franklin once said that in life only two things are certain death and taxes He wasn't exaggerating about the latter And because you must deal with taxes for as long as you live and earn money you must get it right every time Unlike any other infractions or violations tax related offenses have major repercussions At a minimum you will pay fines and expenses But if your tax violations are serious you may end up in jail Think about this the infamous mafia gangster boss Al Capone was indicted and sent to prison not because of his violent crimes but because of tax violations Hence you must take your taxes very seriously So what does it take to manage your taxes successfully and avoid the massive inconveniences associated with being flagged by the Internal Revenue Service for tax violations There are so many answers to this question but they can be summed up in one term tax accounting And that is what this book is all about Written with non accountant entrepreneurs in mind this book can help you learn important tax accounting principles for ensuring optimal tax management in your business These include What tax accounting is Important tax accounting guidelines The difference between accounting and bookkeeping How to claim tax deductions legally How to choose the right business entity How to manage payroll tax Discover if you need an S corporation or a C corporation And much much more By the time you're finished with this book you'll be armed with sufficient knowledge to ensure proper management of your businesses income taxes And while you can never avoid taxes what you'll learn here can make you and the IRS the best of friends So grab your copy of this book now and start your journey towards optimal tax management for your small business *Impact on Small Business of Replacing the Federal Income Tax* United States. Congress. House. Committee on Ways and Means, United States. Congress. Joint Committee on Taxation, 1996 *Tax Accounting Made Easy To Understand* Ivory Ozog, 2021-08-14 Taxes are an unavoidable part of life As Benjamin Franklin famously said in this world nothing can be said to be certain except death and taxes But what exactly are taxes and what do they mean for you Where did taxes come from and what are they used for now This guide hopes to explain the reasons why we are charged tax and what types of tax may affect you personally This guide will also explain the benefits of accounting and what benefits tax accounting can have for you and your business Written with non accountant entrepreneurs in mind this book can help you learn important tax accounting principles for ensuring optimal tax management in your business These include What tax accounting is Important tax accounting guidelines The difference between accounting and bookkeeping How to claim tax deductions legally How to choose the right business entity How to manage payroll tax Discover if you need an S corporation or a C corporation And much much more By the time you're finished with this book you'll be armed with sufficient knowledge to ensure proper management of your businesses income taxes And while you can never avoid taxes what you'll learn here can make you and the IRS the best of friends [Impact of Tax Reform and Simplification Proposals on Small Business](#) United States.
