Tax Treatment Of Financial Instruments:

Financial Instruments Great Britain. Department of Inland Revenue,1991 **Tax Reform and the Tax Treatment of Financial Products** United States. Congress. Senate. Committee on Finance,United States. Congress. House. Committee on Ways and Means,2011 Tax Treatment of Financial Instruments:A Survey to France, Germany, The Netherlands and the United Kingdom G. M. M. Michielse,1996-04-17 General overview of the tax treatments of various financial instruments in four important EC Member States France Germany the Netherlands and the United Kingdom showing the most important tax differences and outlining the points on which EC harmonization is the most imperative but also the most difficult to realize

The Income Tax Treatment of Financial Instruments Timothy Edgar,Canadian Tax Foundation,2000 Examines the theoretical and practical aspects of the treatment of financial instruments under a realisation based income tax Argues that within such a context a system of expected return taxation is preferable The argument is developed through a review of the academic literature and selected legislative regimes **Taxation of Hybrid Financial Instruments and the Remuneration Derived Therefrom in an International and Cross-border Context** Sven-Eric Bärsch,2012-12-13 Despite the enormous diversity and complexity of financial instruments the current taxation of hybrid financial instruments and the remuneration derived therefrom are characterized by a neat division into dividend generating equity and interest generating debt as well as by a coexistence of source and residence based taxation This book provides a comparative analysis of the classification of hybrid financial instruments in the national tax rules currently applied by Australia Germany Italy and the Netherlands as well as in the relevant tax treaties and EU Directives Moreover based on selected hybrid financial instruments mismatches in these tax classifications which lead to tax planning opportunities and risks and thus are in conflict with the single tax principle are identified To address these issues the author provides reform options that are in line with the dichotomous debt equity framework as he she suggests the coordination of either tax classifications or tax treatments

Investment Taxation Arlene Hibscheiler,Marion Kopin,2003-11 Investment Taxation provides financial professionals with a working knowledge of the myriad investment tax issues that affect their clients their practices and themselves This all in one guidebook features thorough analysis of the 2003 tax act and specifically those rules to which individual investors are subject Other topics include coverage of the tax consequences of options and other increasingly common vehicles important alternative minimum tax considerations and more all in easy to understand language that doesn't overburden readers with highly esoteric details or unimportant technicalities **Hybrid Financial Instruments, Double Non-Taxation and**

Linking Rules Félix Daniel Martínez Laguna,2019-06-12 Hybrid Financial Instruments Double Non taxation and Linking Rules Félix Daniel Martínez Laguna Hybrid financial instruments HFIs are widespread ordinary financial instruments that combine debt and equity features in their terms and design and may lead to double non taxation across borders This important book provides a deeply informed and critical analysis and guide to the linking rules developed to combat double

non taxation stemming from HFIs within the framework of the Base Erosion and Profit Shifting project of the Organisation for Economic Co operation and Development OECD and the anti avoidance initiatives of the European Union EU These complex rules have now become essential in international taxation The book deals incisively with crucial theoretical and practical issues as the following Economic and legal reasons for financing business activity through debt instruments equity instruments and or HFIs Qualification of financial instruments from different perspectives such as economics corporate finance corporate law financial accounting law regulatory law and tax law and their interrelation The concept of double non taxation as a mere outcome of parallel exercises of sovereignty by different states and the role it plays within the international debate The concepts of tax planning tax avoidance and the misleading concept of aggressive tax planning within a tax competition international scenario and their relation with HFIs Comprehensive policy legal and technical detail and explanation of the linking rules proposed by the OECD i e BEPS Project Action 2 and the EU e g Anti Tax Avoidance Directive The in compatibility of linking rules with existing tax treaty rules and EU primary law The author refers throughout to relevant model convention provisions EU case law and a vast number of references of official documentation and literature With its detailed attention to the concept and legal nature of HFIs and double non taxation the critical and comprehensive analysis of the linking rules developed by the OECD and the EU this provocative book allows to reconsider the legality of these linking rules and will quickly become a much used problem solving resource for policymakers tax practitioners tax authorities and tax academics This book allows to rethink whether linking rules relate to a solution or create actual legal issues

Hybrid Financial Instruments in International Tax Law Jakob Bundgaard, 2016-11-15 Financial innovation allows companies and other entities that wish to raise capital to choose from a myriad of possible instruments that can be tailored to meet the specific business needs of the issuer and investor However such instruments put increasing pressure on a question that is fundamental to the tax and financial systems of a country the distinction between debt and equity Focusing on hybrid financial instruments HFIs which lie somewhere along the debt equity continuum but where exactly depends on the terms of the instrument as well as on applicable laws this book analyses their treatment under both domestic law and tax treaties Key jurisdictions including the EU some of its Member States and the United States are covered Advocating for a broader scope of application of HFIs as part of the financing of companies in Europe alongside traditional sources of debt and equity financing the book addresses such issues and topics as the following problems associated with the debt equity distinction in international tax law cross border tax arbitrage and linking rules drivers behind the use and design of HFIs tax law impact of perpetual and super maturity debt instruments profit participating loans convertible bonds mandatory convertible bonds contingent convertibles preference shares and warrant loans on HFIs financial accounting treatment administrative guidance influence of the TFEU on Member States approaches to classification of HFIs interpretation of the Parent Subsidiary Directive by the European Court of Justice applicability of the OECD Model Tax Convention and implications of the OECD

Base Erosion and Profit Shifting BEPS project Throughout this book the analysis draws upon preparatory works case law and legal theory in English German and the Scandinavian languages In conclusion the author considers tax policy issues and identifies and outlines possible high level solutions Actual or potential users of HFIs will greatly appreciate the clarity and insight offered here into the capacity and tax implications of HFIs The book not only examines whether existing legislation is sufficient to handle the issues raised by international HFIs but also provides an in depth analysis of the interaction between corporate financing and tax law in the light of today s financial innovation Corporate executives and their counsel will find it indispensable in the international taxation landscape that is currently coming into view and academics and policymakers will hugely augment their understanding of a complex and constantly changing area of tax law

Financial Transactions Involving Foreign Currency--1990 Robert H. Dilworth, 1990

**U.S. Tax Treatment of
Taxing the Financial Sector**

Mr. Howell H. Zee, 2004-04-16 One of the most complex issues in tax policy today is the treatment of the institutions products and services that make up the financial sector. It can be harder to ascertain income, expenses, and profits for financial firms than for firms selling goods and services, and it is easier for individuals and firms to manipulate financial transactions so as to exploit tax loopholes. This volume explores the challenges faced by tax policymakers and identifies modern best practices in several areas: banks, insurance companies, securities companies, investment funds, pension funds, and derivatives.
