Teaching Your Child to Read Jessica Wang, Lu Jun, 2022-02-01 Is your young child often disinterested in the books you bring home for them Do you wish they would develop a love for reading that they could take into middle school and beyond Some children love reading requesting the same books over and over again and

giggling with delight each time while others simply despise sitting down for story time What makes the difference in these two types of children No child is born knowing how to read so where does their interest come from How do you encourage it Like eating and drinking reading is a daily necessity for every child Parents should consciously guide and conform to their children s interest in reading with appropriate reading materials whenever possible Books should take priority over watching television and playing video games Professional and systematic training can help children start to love reading maintain good reading habits and improve their reading ability Teaching Your Child to Read is a guide book for parents looking to get their children ages 3 to 6 interested in reading It explains how to help children cultivate reading ability step by step as well as answers the questions of Why should I and How do I when it comes to specific exercises Tools parents will learn to use in their efforts include interval questioning object comparing emotional contrasting plot mapping and more

**TEACH Your Children How to Behave** Brittany Ann,2016-07-14 Kids driving you nuts Don t hide in the closet with a box full of cookies TEACH Your Children How to Behave Have you ever wondered how teachers can get a class of 20 to 30 little ones to sit still listen carefully and follow directions while you sometimes struggle to manage with only two or three It s not magic The truth is teachers spend years in the classroom learning strategies that get kids to listen strategies that will work for you too In TEACH Your Children How to Behave you ll learn how to Set reasonable expectations for your children s unique ages personalities and ability levels Prevent your children s bad behavior BEFORE it starts Choose consequences that really work Respond to 25 of the most common behavior problems parents deal with today problems including arguing hitting lying attitude problems whining and more Teach your child how to make better choices in the future so you aren t repeating yourself again and again Your children want to behave they just don t always know how You have to teach them And it s a lot easier than you might think Say goodbye to endless arguments and constant power struggles TEACH your children how to behave and enjoy spending time as a family once again This book will show you how

**Teaching Your Child How to Pray** Rick Osborne,2000-07-01 How much do your children know We teach our children academics We give them instruction in the arts and physical fitness We show them how to swim skate and ride a bike But have we forgotten the most basic and necessary skill of all Have we taught them to pray Prayer is the foundation for communicating with God growing as a person and receiving help and wisdom for every other part of life Teaching children to pray is one of the most important tasks parents have Inside Teaching Your Child to Pray you will find Answers to your children s questions about prayer Practical tips helps and activities for teaching the discipline of prayer What the Bible says about children and prayer Stories and examples of how prayer works Ways to reap the benefits of prayer for your children and see it affect their lives Give your children a real head start Teach them to communicate with the Savior It will make an eternal difference

**Teaching Kids to Think Critically** Clifton Chadwick,2014-09-12 This book is based on a simple series of psychological concepts While ability to think has always been important the knowledge economy significantly increases the demand for higher order

thinking and problem solving abilities Parents should take a much more active role in teaching their children to think Early preschool years are critical because long term attitudes and early strategies are learned then Approaches and perspectives on learning to think can be clearly communicated to parents in ways which will make it possible for them to use the correct strategies to stimulate their students to think more clearly and critically There are five elements involved in good logical critical and creative thinking 1 The skills involved in effective efficient and lasting learning or commonly referred to as cognitive processing strategies 2 The mastery of logic and structure of what is being learned 3 Awareness of what one knows and does not know and how one knows and how one thinks 4 The standards or guidelines for the validity and reliability of what one knows called intellectual standards 5 The knowledge and skills involved in critical thinking and solving problems in different subjects or domains *Teach Your Child how to Think* Edward De Bono,1993 Our increasingly complicated lifestyle demands clear and constructive thinking making decisions making choices taking initiatives and being creative Watching television for twenty to thirty hours a week as many children do results in a passive mind that can only copy what others are doing including drugs sex and violence Give your children a better chance in life Thinking is a skill even a superior brain is wasted without it You can start to teach your children to think now With examples exercises games and drawings Dr de Bono Rhodes scholar and leading authority on the direct teaching of thinking demonstrates the difference between intelligence and thinking and provides a step by step method for helping children develop clear and constructive thinking Even one or two thinking habits taken from this book and given to your children may strongly affect their life **Education of Deaf Children** Joseph Claybaugh Gordon,1892 *Proceedings of the ...
