Teachers Language And Learning:

Teacher Learning in Language Teaching Donald Freeman, Jack C. Richards, 1996-02-23 This book introduces a new field of educational research called teacher learning as it applies to the teaching of languages Up until recently the study of second language teacher education has focused mainly on the knowledge base and specific skills needed for effective teaching This book invites us to look at teacher education from a fresh point of view through an exploration of the thinking and learning processes of individuals as they learn to teach Seventeen original articles based on studies done in North America Europe Asia and Australia provide examples of pioneering research into the ways that individuals learn to teach languages and the roles that previous experience social context and professional training play in the process The collection thus helps establish a research base for this newly developing field *What Teachers Need to Know About Language*

Carolyn Temple Adger, Catherine E. Snow, Donna Christian, 2018-07-10 Rising enrollments of students for whom English is not a first language mean that every teacher whether teaching kindergarten or high school algebra is a language teacher This book explains what teachers need to know about language in order to be more effective in the classroom and it shows how teacher education might help them gain that knowledge It focuses especially on features of academic English and gives examples of the many aspects of teaching and learning to which language is key This second edition reflects the now greatly expanded knowledge base about academic language and classroom discourse and highlights the pivotal role that language plays in learning and schooling The volume will be of interest to teachers teacher educators professional development specialists administrators and all those interested in helping to ensure student success in the classroom and beyond
