lungs the patchwork coverlet which was carelessly flung over the iron bedstead rustled the pale face of a young female was raised feebly from the pillow and a faint voice imperfectly articulated the words Let me see the child and die The surgeon had been sitting with his face turned towards the fire giving the palms of his hands a warm and a rub alternately but as the young woman spoke he rose and advancing to the bed s head said with more kindness than might have been expected of him Oh you must not talk about dying yet Lor bless her dear heart no interposed the nurse hastily depositing in her pocket a green glass bottle the contents of which she had been tasting in a corner with evident satisfaction Lor bless her dear heart when she has lived as long as I have sir and had thirteen children of her own and all on em dead except two and them in the wurkus with me she ll know better than to take on in that way bless her dear heart Think what it is to be a mother there s a dear young lamb do To be continue in this ebook
