Tom McCall Maverick:

Tom McCall, Maverick Tom McCall, Steve Neal, 1977-01-01 Autobiography of Oregon governor Tom McCall **The Park Builders** Thomas R. Cox, 2011-04-21 Among the greatest attractions of the Pacific Northwest are its state parks campgrounds and tree lined highways From Idaho hot springs to the Oregon coast millions of people enjoy this priceless legacy every year but few stop to think about the source of this bounty The Park Builders profiles the men who provided the parks and the times that shaped them From its beginnings as part of the progressive crusades to its evolution into an expected function of state government the state parks movement in the Northwest is a window onto the political and social developments of the twentieth century The states of Washington Idaho and Oregon were generally in the mainstream of the parks movement but each of their histories is unique Taken together they help to define the nature and limitations of regionalism in the Northwest Especially in the early years the story of state parks was largely the story of individuals Drawing extensively from interviews and personal papers Thomas Cox creates memorable pictures of parks activists in each state Robert Moran creator of the battleship Nebraska spent a decade lobbying the state of Washington to accept his magnificent acreage on Orcas Island Sam Boardman went from a road crew to the head of Oregon's park system and took up his mission with a zeal that was literally religious To me a park is a pulpit he wrote The more you keep it as He made it the closer you are to Him In Idaho Senator Weldon Heyburn no proponent of state expenditures set out to create a national park and ended up with a premier state park named for him State parks serve more people at far less expense than do those in the National Park System Since their fates are determined largely at the state level they are an ideal venue for the study of grassroots activism and regional trends This book is the first to collect these themes into a coherent whole It will serve as a model for further regional studies of its kind **The Pacific Northwest** Carlos A. Schwantes, 1996-01-01 Carlos Arnaldo Schwantes has revised and expanded the entire work which is still the most comprehensive and balanced history of the region This edition contains significant additional material on early mining in the Pacific Northwest sea routes to Oregon in the early discovery and contact period the environment of the region the impact of the Klondike gold rush and politics since 1945 Recent environmental controversies such as endangered salmon runs and the spotted owl dispute have been addressed as has the effect of the Cold War on the region's economy The author has also expanded discussion of the roles of women and minorities and updated statistical information *Policing the Progressive City* Kristian Williams, 2026-02-10 The dangers of progressive policing as told through a study of Portland Oregon This is a story of Portland Oregon from an outpost of the Hudson's Bay Company through its founding as a city and the long and lively twentieth century shaped by organized crime labor unrest and waves of migration But more so this is a story of how over the course of nearly 200 years the city has pursued law and order under the influence of business interests political climbers and social campaigners By maintaining the Portland Police Bureau a body that has time and again proved a law unto itself the powers that be belie the city's reputation

for liberal values and civic mindedness An expert chronicler of police abuse of power Kristian Williams now turns his focus to law enforcement in his own backyard It is the city s progressive veneer this book argues that allows the repressive core of its policing machinery to function so effectively weathering scandals co-opting critics and periodically renewing police legitimacy with well timed and carefully limited reforms Williams s meticulous research and expert storytelling lay bare the Portland Police Bureau s legacy of bigotry corruption and violence The most well intended efforts to address the community s needs have resorted to the criminal justice system incarcerating and killing those they purport to help Portland was among the first in the US to hire a female officer and the first large city with a female police chief as well as an early and enthusiastic proponent of community policing Yet the city s public record comprehensively shows racially discriminatory and disproportionately violent encounters with law enforcement a department that commits racist and sexist abuse both inside and outside its ranks and persistent criminal and retributive actions on the part of its officers The PPB is an institution impervious to reform let alone common decency Amid the 2020 protests that swept the nation and after decades of grassroots organizing against police killings in the city Portland saw almost 200 days of mass uprising against police brutality and far right extremism exposing the depth of anger aimed at the outrageous actions of the PPB Policing the Progressive City adds to our understanding of how the US police system perpetuates racism violence and exploitation even in one of America s most loudly liberal environments

Northwest Lands, Northwest Peoples Dale Goble, Paul W. Hirt, 1999 This collection of essays explores the environmental history of the Pacific Northwest of North America addressing questions of how humans have adapted to the northwestern landscape and modified it over time and how the changing landscape in turn affected human society economy laws and values
