Annotation This is the second volume of Michael Logusz's epic work on the Wilderness War of 1777 in which the British Army with its German Loyalist and Indian auxiliaries attempted to descend from Canada to sever the nascent American colonies only to be met by Patriot formations contesting the invasion of their newly declared nation In his first volume on the Saratoga campaign the author described how Burgoyne's main thrust was first stalled and then obliterated during its advance down the Hudson River Burgoyne had hoped to be met by a corresponding British thrust from New York City but this never materialized Lord Howe opting to attack Philadelphia instead But the British had indeed launched a third thrust from the west embarking from Lake Ontario at Oswego and thence forging its way down the Mohawk Valley This third British thrust under General Barry St Leger was perhaps the most terrifying of all as it overran a sparsely populated wilderness where every man and boy had long needed to bear arms to protect against the ravages of the Iroquois Federation Yet now the British imitating the French before them had made common cause with those same Indians who now roamed across the frontier as the war-painted spearhead of the Empire's new attack At Fort Stanwix in upstate New York a Patriot former British fort held fast though surrounded by St Leger's forces and his Mohawk and Loyalist auxiliaries A relief column some 800 strong under Nicholas Herkimer attempted to relieve the fort but it was ambushed en route with most of its men including the entire male population of several nearby communities killed or wounded At this Battle of Oriskany the basis for the movie *Drums Along the Mohawk* Herkimer himself was mortally wounded Fortunately a sally from Fort Stanwix raided the Indian camp during the battle compelling many of the warriors to desist from annihilating the entire column In the end Fort Stanwix was relieved only when Benedict Arnold soon to excel at Saratoga just as he had done at Valcour Island and elsewhere throughout the Revolution marched his troops through and forced the British to give up their western onslaught In

this book as in his highly acclaimed first volume the author captures the terrain tactics and terror of this brutal multi faceted wilderness war as few writers have done before It was neighbor against neighbor native Americans on both sides and European professionals against Colonial Patriots in a desperate campaign that helped determine America s fate

*Tomahawk, the Hatchet Thrower, and Other Tales* TOMAHAWK,1868      *The Revenant* Perseus,2003-03-19 A fictional account of a real life story of survival on the American frontier chronicles the adventures and exploits of fur trapper Hugh Glass who is attacked by a grizzly bear and abandoned by his fellow trappers who believe that he is mortally wounded and describes how Glass left alone and defenseless manages to survive and trek thousands of miles through the wilderness to seek justice Reprint      *Tomahawk* Lee Leighton,1980-12-01      **Tonto's Revenge** Rennard Strickland,1997-09 How do Native Americans maintain their identity and culture in a hostile society and to what end Tonto s Revenge is a passionate attempt by a leading Native American scholar to reassess the Indian world view and its importance to all Americans His deeply felt essays project a vision of how Native Americans can recapture the power of their cultural legacies What we have witnessed over the last five hundred years states Rennard Strickland is the domination of an ideologically superior world view that of the Native Americans by a technologically advanced but spiritually bankrupt civilization that of the discoverers He proposes a reversal of this pattern arguing that values must prevail over technology especially if people are to attain balance and peace with themselves and their surroundings He delineates the enduring cultural heritage of Indians in essays on law literature history art film and culture
