## **Treasury Of Poems:**

A Treasury of Poems ,1999-10 A Compendium of best loved verse this giant anthology of over 440 poems contains many of the favorite poems of the American people This volume celebrates the ability of poetry to capture in a few words the thoughts and emotions that reach to the heart of human experience A Treasury of Favorite Poems (Classic Reprint) Walter Learned,2015-07-06 Excerpt from A Treasury of Favorite Poems So many and such excellent collections of favorite poems have already been made that this volume contains but few poems that are not in some other collection A new collection is to a certain extent but a turn of the kaleidoscope a rearranging of the poems that live not because they are collected but which are collected because they live So far then as it concerns the poems of the past this volume is largely collected from collections Time tries and sifts and its verdict is clear and pronounced on the many poems to be found in all anthologies Concerning the poems of to day an attempt has been made to include a few which seem to have a i resent and deserved popularity To keep such a volume within the bounds of easy handling and reading is certainly to exclude a great deal of popular verse The principle of selection cannot be easily defined but it has been perhaps an attempt to include those poems which the majority of intelligent people would care for most which touch some popular chord which are most likely to be cut out for the scrapbook About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Treasury of Favorite Poems** Walter Learned,1891

It should some say require no particular cogitation no after thoughts no exercise of the speculative mind. But poetry being the product of intuition as well as experience transcends plain statements it surpasses fact and leaps ahead of logic. Simple arithmetic to the contrary a poem is not the sum of its parts. A poem is greater than its parts it is even something beyond its parts. It is prompted by an idea enhanced by rhyme pointed by meter colored by metaphor. This fusion this enrichment and intensification has created a new thing the poem itself which is beyond analysis even at times beyond logic. Excerpt from *The Golden Treasury of Longer Poems Selected* Edited This volume of longer poems is the natural successor to the two anthologies of songs and lyrics and the ballad book in the same library It does not apply too rigidly its measure of length being intended to take up the line of English verse at the point where the others paused to maintain the record and make it of a piece with the rest There are poems that are still lyrical like Drayton's *Agincourt* and others like Chaucer's *Knights Tale* which show the sustained narrative power of English verse Again there are poems like Parnell's *Hermit* which knit up afresh the old ballad tradition of Chevy Chase and Clerk Saunders There are noble elegies too and tributes of poet to poet Adonais and Ben Jonson's lines to the Beloved Memory of Shakespeare while the English love of place and of Nature is heard again and again in its pages In all this variety the main purpose is to show the great succession of the English poets who wrote as Coleridge says with A light in sound a soundlike power in light Rhythm in all thought and joyance everywhere It keeps on the whole close to the recognised track It does not forget the great prose writers like Swift and Dr Johnson who influenced verse But chiefly it upholds the princely line in which Chaucer Spenser Marvell Milton Ben Jonson Crashaw Henry Vaughan Pope Goldsmith Burns Wordsworth Coleridge Byron Shelley and Keats are the masters and the great maintainers In the shadow of their greater fame stand other poets worthy of remembrance on whom as it were the true tradition took hold men who were not great poets but who yet contributed to the rich store Such were Joseph Warton whose *Grave of King Arthur* is rescued from comparative forgetfulness and Shenstone whose *Schoolmistress* is the reminder of an old and pleasant mode of rural art About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work *Forgotten Books* uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Golden Treasury of Chinese Poetry** John J.
