**Thomas Fortescue Carter**

## **The Triumvirate:**

Handbook of the Philosophy of Climate Change Gianfranco Pellegrino, Marcello Di Paola, 2023-11-24 This Handbook offers a broad yet unified treatment of many philosophical issues connected with climate change ranging from foundational puzzles to detailed applications It extends to many branches of philosophy that are relevant to the understanding of the premises and implications of the impacts of climate change on human and nonhuman life on Earth More specifically the handbook examines the scientific accounts of climate change as well as its causes It explores the tools offered by social sciences and humanities to study the societal premises and impacts of climate change as well as delving deeper into the ethical and political issues connected with and resulting from climate change By doing so it puts it all in an ecological and historical context In addition the book offers solutions to some important philosophical puzzles and problems and indicates paths of interaction between philosophy and other disciplines The discussion about climate change and the mitigation adaptation policies spans many areas and levels from abstract science and philosophy to current on the ground politics However climate change is also a great philosophical puzzle Indeed its existential and practical relevance can be thought to largely derive from the philosophical complications it engenders Climate change is applied philosophy par excellence Preventing dangerous anthropogenic climate change needs very good philosophy applied to concrete and specific practical issues Climate change is an area where scholars from very different provenances should cooperate on equal terms having in view a common and really important purpose contribute to preventing great burdens and even the extinction of humankind and the destruction of hospitable and valuable non human nature

**Outlook** ,1924 *The triumviral period: civil war, political crisis and socioeconomic transformations* Pina Polo, Francisco, 2020-07-08 Nothing from the subsequent Augustan age can be fully explained without understanding the previous Triumviral period 43 31 BC In this book twenty experts from nine different countries and nineteen universities examine the Triumviral age not merely as a phase of transition to the Principate but as a proper period with its own dynamics and issues which were a consequence of the previous years The volume aims to address a series of underlying structural problems that emerged in that time such as the legal nature of power attributed to the Triumvirs changes and continuity in Republican institutions both in Rome and the provinces of the Empire the development of the very concept of civil war the strategies of political communication and propaganda in order to win over public opinion economic consequences for Rome and Italy whether caused by the damage from constant wars or alternatively resulting from the proscriptions and confiscations carried out by the Triumvirs and the transformation of Roman Italian society All these studies provide a complete fresh and innovative picture of a key period that signaled the end of the Roman Republic
