The Unexpurgated Code James Patrick Donleavy, 1975 *The unexpurgated code* J. P. Donleavy, 1981 **The Kick** Richard Murphy, 2003-01-01 Drawing on five decades of private notebooks Richard Murphy has created a unique memoir of his life and times Murphy writes about delicate personal issues as he chronicles the making and unmasking of a writer He includes amusing and moving accounts of his meetings and friendships with many prominent writers and actors from the literary milieu of London Dublin and New York including C S Lewis Harold Nicholson J R Ackerley Patrick Kavanagh W H Auden Theodore Roethke Robert Lowell Conor Cruise O'Brien Robert Shaw Peter O Toole John McGahern Ted Hughes and Sylvia Plath **The Unexpurgated Code** J. P. Donleavy, 2012-01-01 With the world a harsh and cruel place and an enemy out to get you if he can courtesy will not make you rich overnight but by degrees it makes others feel good and this in turn will make you feel even better With more and more folk from the wrong side of the tracks it is important to make more room at the bottom The Unexpurgated Code takes plain folk through the useful rules of social climbing **The Irish Tradition** Robin Flower, 1993-01-01 First published in 1947 these celebrated lectures and introductions to the medieval and modern Gaelic speaking culture which was drawing to a close when Flower first came to Ireland in 1910 form a primary source for generations of scholars and readers Celticists and medievalists This edition is accompanied by Professor Delargy's In Memoriam and an updated bibliography of Flower's works **The Wartime Broadcasts of Francis Stuart** Francis Stuart, 2015-02-01 In January 1940 shortly after the outbreak of the Second World War the novelist Francis Stuart 1902 2000 moved from County Wicklow to Berlin where he had accepted a university lecturing position Stuart remained in the Third Reich for the duration of the war and between 1942 and 1944 he made over one hundred broadcasts on German radio to Ireland The German sojourn and the broadcasts have been at the heart of the long running controversy over Stuart and yet remarkably little is known about them Herein are published the complete surviving transcripts of Stuart's broadcasts which represent between two thirds and three quarters of his total output While Stuart often referred to himself as a neutral uninterested in making propaganda the talks were consistent with the broad thrust of German wartime propaganda to Ireland and took an often fiercely anti Allied line Stuart spoke repeatedly of the necessity of a united Ireland and suggested that a German victory could bring this about He spoke warmly of his admiration for the German people and for Hitler The editor's extensive introduction shows that Stuart's pre war political interests and commitments were consistent and often passionately held from a 1924 essay in which he compared Ireland's struggle against Britain to Austria's against the Jews to a 1938 letter to the Irish Times opposing plans to receive refugees fleeing Hitler and intimately tied up with his creative work Stuart more than once stressed to his listeners the continuity between what he had tried to express in his fiction for example the pro brownshirt sympathies of a 1933 novel Try the Sky and the message of his broadcasts The introduction also gives an account of Stuart's involvement in collaboration between the IRA and the Germans during the war and suggests that his

achievement as a writer can never be adequately assessed until the nature of the relationship between his novels his politics and his life is confronted squarely *The Age Of Revolution in the Irish Song Tradition* Terry Moylan,2000-12-22 The Age of Revolution in the Irish Song Tradition is a definitive gathering of songs poems and tunes composed between the 1776 American Revolution and Napoleon s exile and death in 1821 and beyond dramatically conveying how the seismic events of those years inspired literary and musical effort across succeeding generations in Ireland The material is drawn from tradition and from print and manuscript collections These include contemporary sources the various editions of Paddy s Resource Watty Cox s Irish Magazine and Madden s Literary Remains and archival collections of songs and music Many traditional songs have been notated directly from the singers themselves and represent an important addition to the literature of bardic nationalism The work breaks down as follows songs text and tune 157 poems text only 27 tunes music only 25 This includes 15 pieces in the Irish language 14 from loyalist sources and 10 written by members of the United Irishmen including Wolfe Tone Henry Joy McCracken Jemmy Hope and Robert Emmet All come with notes listing source and musical associations as well as historical and political background Appropriate music accompanies the words attached to each tune and the whole is liberally illustrated with over a hundred period engravings *The Elephant Polish Question* Maurice Craig,1989-11-02 Part meditation part autobiography part exploration part miscellany The Elephant and the Polish Question is the distillation of a literary life of more than forty years Owing something to Trivia the Notebooks of Samuel Butler and Norman Douglas it touches on many subjects about which the author has thought but not hitherto had the chance to write from coincidences to funerary customs from book collecting to ship design and from prose style to the art of trespass Snapshots of childhood friends and personalities blend with reflections on education music architecture the decay of travel the evolution of language and much besides Maurice Craig seeks the hidden links between his recurrent preoccupations occasionally bringing to light a facet of something that looks like and may even be truth Anecdotal and analytical by turn the author is resolute in retrospect believing that only the past is knowable There are vivid set pieces such as the obsequies of William Butler Yeats visits to No 10 Downing Street and other notable buildings and the undeservedly little known vicissitudes of the Druce Portland Case While himself incapable of consciously telling an untruth the author proves himself a connoisseur of forgery and imposture He has in a back handed sort of way enjoyed life its contradictions and discontinuities The reader who is prepared to follow him or to browse at his own pace will be rewarded **The Unexpurgated Code** James Patrick Donleavy,1976
