Too Much Is Never Enough:

Always Too Much and Never Enough Jasmin Singer,2016-02-02 Jasmin Singer s struggle with weight defined her life Most people think there s no such thing as a fat vegan Most people don t realize that deep fried tofu tastes amazing and that Oreos are in fact vegan So even after Jasmin embraced a vegan lifestyle having discovered her passion in advocating for the rights of animals she defied any skinny vegan stereotypes by getting even heavier By committing to monthly juice fasts and a diet of whole unprocessed foods Jasmin lost almost a hundred pounds gained an understanding of her destructive relationship with food and finally realized what it means to be truly full Down at the Double Helix Shoe Store Fred Wolff,2004-06-24 From the Book Cover In Down at the Double Helix Shoe Store Mr Wolff takes us into the realm of his perceptions where we cannot help but glean insights on ourselves and our circumstances His work is incisive thought provoking often humorous and on occasion profanely blunt The sum of these poems is a new voice that allows us to see our understanding of what comprises happiness from a welcome and empowering viewpoint Mr Wolffs debut effort is an illuminating no holds barred must read From the Xlibris Press Release Emotional illness is endemic in our modern times More than ever the technologies we have created for greater connectivity have ironically also resulted in increased feelings of isolation and loneliness Combine this with ingrained unwholesome emotional behavior which has been handed down through untold generations and you begin to grasp the complexity of our common plight Fred Wolff shares his journey towards emotional healing in a new collection of poems entitled Down at the Double Helix Shoe Store Emotional healing can start by reorienting the focus of our perceptions which in turn can enable us to transcend conventional awareness or consensus reality Transcending our day to day awareness can reveal previously veiled viewpoints through which the process of emotional healing can begin Happiness lies within it is a function of our inner landscape This inner landscape is ours to design and to create When the creation of this landscape is done with an increased degree of awareness a more satisfactory result can be achieved Thus each of us has the right to and the inherent potential for peace and happiness for emotional well being Wolff who through long and arduous struggle has come far in this arena shares with us his quest through his art He serves us poems rife with intellectual play Through his perceptions he displays common subjects from an uncommon and illuminating point of view and he does so with clarity Each poem provides thought provoking insights Here is one unique poetry collection **Teamsters Metropolis** Ryan Patrick Murphy,2025-07-29 In the 1950s the International Brotherhood of Teamsters empowered poor immigrants who had grown up in the crowded blocks of the central city to move upward and outward to comfortable suburbs It delivered unprecedented benefits to workers especially to those in retail services and light manufacturing locking in hourly pay that bought the patio furniture sets the pontoon boats and the station wagons that defined the consumer culture of the decade Yet suburban comfort came with strict new institutions that defined the middle class culture of the era the nuclear family heterosexual monogamy the husband breadwinner and the dependent wife Many

workers yearned for the pleasures they left behind in the core of the industrial city even as poor people people of color and queer people were locked out of the suburbs Teamsters Metropolis argues that the union achieved unprecedented organizing success in the immediate postwar period precisely because its members defied bourgeois cultural standards They wore overly flamboyant clothes instigated jarringly violent confrontations used aliases extorted money flouted the law and often blended friendship sex and love in a way that challenged the boundaries of heteronormativity Perhaps no one exemplified this freedom more than Jimmy Hoffa who delivered better pay and worker conditions to marginal workers while also using coercive tactics embezzling money and colluding with the Mafia Rather than impeding the union s growth unruly organizing illicit business techniques and dissident cultural practices appealed to prospective members and offered an opportunity to circumvent some of the suburban regulations helping the International Brotherhood of Teamsters become the largest U S union of the mid twentieth century
