The Gospel according to Mark Camille Focant,2012-07-06 The world to which the Gospel of Mark introduces its reader is a world of conflicts and suspense enigmas and secrets questions and overturning of evidence irony and surprise Its principal actor Jesus is perplexing in the extreme He is evidently so for the religious authorities who oppose him but also for his disciples who shift from incomprehension to opposition and flight Questions of meaning life and death good and evil are continually broached This narrative is a subtle invitation to enter into a new world that of the coming Reign of God in which the first are last and whoever wants to save his life must lose it This commentary on the Gospel of Mark has been enthusiastically reviewed in the French edition as one of the best current commentaries on Mark As a narrative critical commentary it favors an interpretation of the Gospel that tries to grasp the dynamic of the text taken as a whole Even if the technical vocabulary of narrative analysis is not used and the main results of the historical critical criticism particularly those of redaction criticism are not neglected as the notes will reveal it is narrative criticism that guides the proceedings The

Lattimore one of the most distinguished living translators of Greek has in this book completed his rendering of the New Testament in fresh and accurate English for the modern reader The publication of his translation of The Four Gospels and the Revelation in 1979 was hailed by the New York Times Book Review as an achievement that places us more deeply in Lattimore s debt than any other in a long diligent career The Acts of the Apostles which he calls the earliest consecutive story of early Christianity that we have and the three groups of Letters of the Apostles those of Saint Paul the letter to the

Hebrews and the General Letters are now made available to complete the New Testament in his translation His aim again has been to provide a simple literal rendering in which the syntax and order of the Greek dictate the character of the English style Lattimore as an authority on the Greek language in which these texts have come down to us and as a writer without pretensions as a biblical scholar allows the words of the apostles and earliest disciples to speak for themselves with accuracy and fidelity to the Greek The book s design follows the attractive and readable format of The Four Gospels and avoids the usual apparatus of biblical texts *Chambers's Journal of Popular Literature, Science and Arts* ,1883 **The Electrical Engineer** ,1891 **The China Christian Year Book** Edwin Carlyle Lobenstein,Abbe Livingston Warnshuis, Frank Joseph Rawlinson, Henry Theodore Hodgkin,1911 **Special Crops** ,1913
