Three Musicians:

Make a Masterpiece -- Picasso's Three Musicians Pablo Picasso, 2014-09-17 Re create Picasso's Three Musicians or make your own new masterpiece using elements of the original artwork This sticker book provides the painting's background with the main objects removed and transformed into individual stickers **Grove's Dictionary of Music and Musicians** George Grove, John Alexander Fuller-Maitland, 1907 Music and Musicians, 1918 Art as Spectacle Naomi Ritter, 1989 Why do images of entertainers abound in European literature and art since Romanticism From Baudelaire to Picasso from Daumier to Fellini mimes clowns aerialists and jesters recur in major works by continental artists In Art as Spectacle Naomi Ritter investigates this phenomenon and offers explanations that transcend the array of works discussed Her analysis implies much about the triangle of creator work and audience that inevitably controls art Although a broadly comparative study underlies Art as Spectacle the book focuses mainly on examples from Germany and France Three areas of argument identification primitivism and transcendence account for the performer's ubiquity in the arts of the last two centuries Ritter shows that writers painters choreographers and filmmakers have persistently identified with the entertainer whose roots lie in primitive ritual a source of all art Accordingly the artist also sees the player as morally or spiritually elevated With three chapters on literature a chapter comparing poetry to painting and a chapter each on dance the visual arts and film Art as Spectacle offers unprecedented scope on a compelling topic in comparative studies By integrating such varied material into an original commentary on the image of the entertainers this book provides an invaluable resource for all the disciplines it touches
